

Scholarships and Fellowships Information

http://www.pacificu.edu/as/fellowship_office/index.cfm

Pacific's Fellowship Office works with Pacific undergraduate students and alumni interested in applying for nationally and internationally competitive scholarships and fellowships. The scholarships represented here are awarded to seniors and alumni for scholarly work upon graduation from Pacific's College of Arts and Sciences.

Every year Pacific students earn prestigious awards for research, travel abroad, and graduate study.

National fellowships are highly competitive, and students should begin exploring fellowship opportunities early in their college careers. Please take some time to familiarize yourself with our online resources. We strive to match all fellowship applicants with a faculty "coach" who helps students have a successful and rewarding application process, whether or not they win fellowships. You may contact a coach directly. If you are interested in a scholarship that is not represented on our office web site or have other questions about pursuing post-baccalaureate scholarships, please contact our office at http://www.pacificu.edu/as/sociology/faculty/sarah_phillips.cfm

Please note that many competitive scholarships require a University nomination. This means that a student cannot apply on his or her own. Please work with our office to ensure that you have the most successful experience possible.

For information about scholarships for new or incoming Pacific students, please contact the [Admissions](#) or [Financial Aid Offices](#).
