

# Academic Adviser Certification for Extension of Program

To Academic Advisers or Authorized Department Personnel:

The international student named below is applying to extend his length of program. Before this authorization can be granted, International Programs must have a statement from the student's academic adviser indicating that the delay in completion is caused by compelling academic or medical reasons. The regulations explicitly state that delays caused by unauthorized under-enrollment, academic probation or suspension are not acceptable reasons for program extension.

Please call the International Programs office at (503) 352-2084 if you have any questions about this process, and thank you for your assistance.
