Health Profession Program Required Immunizations (2018-19)

IMPORTANT (PLEASE READ THESE INSTRUCTIONS COMPLETELY & CAREFULLY)

Your program requires the following immunizations and titers before entering your health profession program, and all required immunizations and titers must be updated as necessary. It is the student's responsibility to timely complete this form and provide copies of proof of vaccinations and titer lab results to the Student Health Center. Failure to comply with a University policy can affect your admission, enrollment, or ability to continue in a health profession program at Pacific University.

1. Retain original documentation of immunization information and keep these readily available to you – you will need these throughout your program and for clinic rotations.
2. Deadline for forms and documentation:
 - Physician Assistant Program—May 1
 - Athletic Training, Audiology, Dental Hygiene, Occupational Therapy, Optometry, Pharmacy, Physical Therapy, Speech Language Pathology, all Psychology programs—July 10
 - Health Administration and Leadership—August 30
3. If you are currently “in process” of getting immunization(s) or titers, submitting incomplete information is acceptable. Remember to submit additional information to the Student Health Center as it is completed.
4. Mail form and copies of supporting documentation to the Student Health Center (do not email or fax).

Pacific University Student Health Services
2043 College Way A-174
Forest Grove, OR 97116
5. Do not call The Student Health Center (SHC) to verify receipt of your information. The SHC is unable to respond due to the heavy volume of paperwork being processed. Once your information has been reviewed it will be posted to your Boxer Online Account and you will be able to verify your information. Please allow 3 weeks from receipt for review and posting.
6. If you have questions regarding immunization requirements, contact your Program.
7. By signing on Page 2 you agree to allow immunization record information to be shared with your program.
8. Your program is responsible for managing compliance of immunization requirements for clinical placement. You will be given access to the information you've provided via Boxer Online. Notification of missing requirements will come from your Program.

*Please review this information pacificu.edu/VaccineInfo required by Oregon Law (SB 274) for all incoming students.

(Required: Signature allows immunization records information to be shared with student's program)

Please indicate (v) your program:

<input type="checkbox"/>	Athletic Training	<input type="checkbox"/>	Occupational Therapy	<input type="checkbox"/>	MA/MS Applied Psychological Science
<input type="checkbox"/>	Audiology	<input type="checkbox"/>	Pharmacy	<input type="checkbox"/>	PsyD Program in Clinical Psychology
<input type="checkbox"/>	Dental Hygiene	<input type="checkbox"/>	Physician Assistant	<input type="checkbox"/>	PhD Program in Clinical Psychology
<input type="checkbox"/>	Vision Science	<input type="checkbox"/>	Physical Therapy	<input type="checkbox"/>	Healthcare Administration MHA
<input type="checkbox"/>	Optometry	<input type="checkbox"/>	Speech Language Pathology	<input type="checkbox"/>	BHS in Healthcare Management

Attach copies of your immunization documentation to this form – keep originals for your use

Immunizations Required for All Programs:

Hepatitis B Series and Titer

- Must show proof of immunity to Hepatitis B via a **Reactive Surface Antibody titer**

Note: Providing dates of 3 vaccine doses does not meet requirement. Titers are drawn 4-6 weeks after receiving 3 doses of Hepatitis B vaccine. If the titer shows you do not have immunity, additional doses of the Hepatitis B vaccine is required and a second titer must be completed to prove immunity.

MMR (Measles, Mumps, Rubella)

- Two documented vaccines of MMR (administered after the age of 1)

Note: The vaccine must include all three (an MR vaccine is unacceptable)

OR

- A titer for each, Measles (Rubeola) IgG, Mumps IgG, and Rubella IgG, showing immunity

Tdap (Tetanus, Diphtheria, Acellular Pertussis)

- Must have one documented vaccine in the last 10 years

Note: a TD vaccine (tetanus and diphtheria) is unacceptable. The combination vaccine must be for all three components.

Varicella (Chickenpox)

- Two documented vaccines

OR

- If you have had the disease, a **Reactive Varicella IGG Titer**

Documentation of the disease alone is not acceptable (the titer is required).

Program Dependent Requirements

Tuberculosis Screening - within 6 months of the start of program

- **Physician Assistant Students:** Quantiferon Gold Test (QFT) **or** Tspot test

- **Pharmacy Students:** Tuberculosis Skin Test (TST) **or** Quantiferon Gold Test (QFT) **or** Tspot

Note: Pharmacy students who opt for TST must have 2 step TST administered within 1-3 weeks of each other.

- **ALL OTHER PROGRAMS:** Tuberculosis Skin Test (TST) **or** Quantiferon Gold Test (QFT) **or** Tspot

NOTE: ANY students with a positive TST must get QFT or Tspot. If QFT or Tspot is positive, students must obtain documentation of a normal Chest X-ray within 6 months of start of program.

Annual TB screening is required while in your program.

Hepatitis A

- **Programs that require the vaccine:** School of Dental Hygiene Studies, Physical Therapy Programs and ANY student who participates in international travel
 - o **Two** documented vaccines are required
- Note: Pacific University strongly recommends Hepatitis A vaccine for ALL health profession students. Please sign declination if you are not getting the Hepatitis A vaccines.
 - o **I am not in the Dental Hygiene or Physical Therapy Program and will not participate in international study programs and therefore I decline the Hepatitis A vaccine at this time.** I understand that I may be exposed to Hepatitis A virus during my program, and despite this risk, I decline the Hepatitis A vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis A, which may also place patients and coworkers at risk. In the event of a Hepatitis outbreak, I understand I may be excluded from the university or clinical training placement under the direction of the local health officer or the Student Health Center Director. In addition, I understand that the Hepatitis A Vaccine series may be required by the University or my program in the future as a condition of continued participation in the program. Should this become a requirement, this declination will not be operative. I agree to defend, indemnify, and release the university from any and all claims resulting from my failure to receive the Hepatitis A vaccine.

Student Signature for Declination of Hepatitis A vaccine: _____ **Date:** _____
