Pacific University College of Optometry (PUCO)

Dear **Marcie Brown**,

It is my pleasure to inform you that **1** student(s) at **Pacific University College of Optometry (PUCO)** will receive a **\$1,000** Walmart Scholarship for the **2018/2019** academic school year.

We ask that you make the selection of the student based on the following criteria:

- An Optometry student with high scholastic standing in his/her last three years of school.
- A financial need, to help the student with tuition, books, etc. Students who have received a "full scholarship" that covers all expenses should not be awarded this scholarship.
- A student that has shown the ability to lead others.
- A student that shows a strong desire to enter community practice upon graduation and has current/previous experience in community practice.
- The student must have a minimum GPA of 3.0 on a 4.0 scale.
- Students with a graduation year of 2018 are not eligible for this award

Please email a \$1000 scholarship invoice to rxrecruit@wal-mart.com and we will process the check (payable to the school). If the check should be made payable to a foundation or other entity, please include a W-9 with the invoice. We will mail the scholarship check to the school the month following your deadline date.

Deadline Date to submit the invoice is 8/31/2018. If the invoice is submitted after the invoice due date, we will not be able to honor the scholarship.

The Recipient Letter of Acceptance is also attached. Once the recipient has been chosen, please email the completed Letter of Acceptance form(s) to rxrecruit@wal-mart.com by February 1, 2018. We want to reaffirm the value we place on our relationship with your school and hope that this award will assist students that truly need financial assistance. Education remains a priority for us and each year we review our Optometry Scholarship programs to ensure these programs meet our company's commitment to education. If you should have any questions please contact our Health & Wellness team at rxrecruit@wal-mart.com.

Professionally,
