*A Chance at a
Boundless Future*

Pacific University will confer an honorary doctor of humane letters degree upon Tommy Thayer at Commencement this spring. Thayer is best known for his role as guitarist for the legendary rock band KISS. For 10 years, Thayer hosted Legends, Pacific's signature fundraising event, bringing widespread visibility to the university and generating more than \$3.5 million. The culminating Legends event in 2016 launched the Tommy Thayer Endowment for Athletics and Music. Thayer continues to serve as a Pacific University trustee and friend. ▶ #DrTommyThayer

ROBBIE BOURLAND

letter from the president

Nearly 50 years ago, Tim '74 and Cathy Tran '74

came to Pacific University as bright-eyed international students. At the top of their classes at home in Vietnam, they were intent on gaining U.S. college degrees and expanding the opportunities available for their futures.

Little did they dream that the educations — and relationships — they found at Pacific would ultimately carry them through escape from political upheaval and war and into new starts in the United States. (See page 9.)

The students who come to Pacific today may not all have experiences as dramatic as the Trans, but their dreams are no smaller.

They are students like Jahan Asad, who plans to enroll in the fall. She is not only the first in her immediate family to attend college; she is one of the first women in her family to ever graduate from high school.

She dreams of becoming a neurosurgeon and giving hope to people like her, who have struggled with unexpected medical issues. (See page 16.)

At Pacific, we see so many dreams. Whether they are the children and grandchildren of Pacific Boxer and Badger alumni or, like 20 percent of our students, the first in their families to attend college, our students are striving for a better tomorrow.

That's what Lead On: The Campaign for Tomorrow at Pacific University is all about. It is about creating possibilities and opportunities for those students, today and in perpetuity, to achieve their dreams.

It is about creating learning environments and resources that provide the spaces and tools to deliver the education of tomorrow. It is about adapting in order to maintain the core of who we are at Pacific while taking hold of new ideas and innovations.

It is about delivering on the Pacific promise, that no matter who you are or what your background, Pacific is a place where you will find caring staff and nurturing faculty, an inspirational and supportive environment, and the opportunity to create a better tomorrow, for yourself and for others.

Warmest Regards,

Lesley M. Hallick, President
president@pacificu.edu

All of my children's teachers have been Pacific University alumni.

My husband and I have been incredibly fortunate to be able to send our children to the Early Learning Community, a preschool through second-grade demonstration school on the Forest Grove Campus.

At the ELC, children are taught by highly qualified, master's level teachers, who also serve as mentors for students in Pacific's College of Education. It is a place where future teachers discover best practices and have the chance to observe and try out their own teaching skills.

At the ELC, my children have always been valued for who they are and what they bring to their learning community. This spring, my son is wrapping up his final year there (sniffle!), and I am absolutely confident he is moving on not only with the academic skills to succeed in future grades, but also with confidence, social skills and a true love of learning.

The ELC, celebrating its 10th anniversary this summer, is the best learning environment I can imagine for my children. It's what I would wish for every child. I'm lucky to be able to send my kids there, but I also know that other children will benefit from the experience that our College of Education students have there as well.

When I think about how Pacific changes lives, one by one, I think — of course — of our undergraduate and graduate students. But I also think about the lives they will touch in turn: the clients they will serve, the patients they will care for, and the children they will teach.

My children may not be Pacific students (yet), but they are already among the thousands whose lives have been touched by this place. For that, I am eternally grateful.

PHILANTHROPY EDITION

8 lead on: campaign for tomorrow

Lead On: The Campaign for Tomorrow at Pacific University carries the heart of our mission to the next generations of students and alumni.

9 a journey home

In 1970, Khiem "Tim" and Thuy "Cathy" (Trinh) Tran came to Pacific as bright-eyed international students. Less than a decade later, they were refugees. With the help of friends at Pacific, they made it — and today, the successful retirees are saying thank you with perpetual support for the university they love.

13 a passion to serve

Alex (Bing) Marchbanks '14, SLP '18 found her passion for speech-language pathology at Pacific. A scholarship funded by donors helped turn her dreams to reality as she completes her master's degree this spring.

14 the care to save lives

With the right education and training, optometrists can save lives. That's why two recently retired College of Optometry professors have created an award to inspire future generations of doctoral students.

15 smiles delivered

Pacific's new EyeSmile program partners the colleges of optometry and health professions, allowing students to practice their skills while taking their care into local communities with brand new mobile eye care and dental care clinics.

16 the chance for a boundless future

To Jahan Asad, Pacific's historic buildings and green lawns have always looked like a fairy tale. Now, Jahan's wish is coming true. This fall, with the help of a scholarship, Jahan will become the first woman in her immediate family to attend college.

news & notes

Mahalo Aunty Edna

When Edna (Doar) Gehring '70, MEd '72 retires this spring, it will mark the end of an era at Pacific University.

"Aunty Edna" has been a stalwart figure in the lives of Pacific students for more than three decades.

As a Pacific student, she was a Delta Chi Delta and danced in the Lu'au, while her older brother, Bill Doar '69, pitched with Coach Chuck Bafaro's baseball team. She married classmate Hans Gehring '70, and one of their children, Christie, also attended Pacific, graduating in 2002.

Professionally, Gehring taught and offered career and college planning support to students at Mililani High School from 1973 to 1981, before returning to her alma mater.

In the past 35 years, her job title has changed several times, but her role as "Aunty" — beacon of advice, guidance, support and a little tough love — never has. She has served as advisor for Nā Haumāna O Hawai'i and its annual Lu'au since 1983, touching the lives of thousands of students.

"She is nurturing yet determined to guide us to find our path in life," said Trey Kodama '17. "She recognizes our potential to succeed and supports all of our endeavors."

As her day-to-day interactions with students come to a close, though, Aunty Edna's impact on Pacific students never will. This fall, she started working to create the Aunty Edna Endowed Scholarship Fund, which will support NHOH students returning to Pacific for their junior or senior years. As part of her retirement, she is inviting friends, colleagues and alumni to contribute to the effort.

MAKE A GIFT

line up

NATE OLOWO '18
MEN'S BASKETBALL

Nate Olowo (Rancho Cucamonga, Calif.) secured first team all-Northwest Conference honors for his efforts in 2017-2018. Olowo scored 362 points for an average of 14.5 points per game, made 59.3 percent of his shots from the field, grabbed 233 rebounds for an average of 9.3 rebounds per game on the season, and posted nine double-double performances in 25 games. He is the first Pacific player since Mitch Wettig in 2014-2015 to secure first team all-Northwest Conference honors.

OSCAR WIGHT '18
MEN'S TENNIS

Oscar Wight (Adelaide, Australia) was named first team all-Northwest Conference during his senior season. He posted an 8-9 record, playing primarily at the No. 1 flight for the Boxers. Wight teamed up with Rayden Murata to post a 7-5 record in doubles play. In his four-year career, he has 34 singles wins and 51 doubles to date. The total 92 wins by Wight ranks among the most in school history.

KAREN DU '19
WOMEN'S TRACK & FIELD

Karen Du (Santa Clarita, Calif.) at the 2018 Northwest Conference Championships won the women's shot put (42-0.75) after finishing third in 2017. Earlier this year, she eclipsed the 38-year-old school record in the discus, held previously by Andrea Heilman, with a throw of 135-11. Her effort earned her Northwest Conference Field Student-Athlete of the Week honors. Twice in 2017-2018, she has been named the Boxer Club Female Athlete of the Month.

BRIANA FINAU '20
WOMEN'S GOLF

Briana Finau (Kāne'ohe, Hawai'i) hit a hole-in-one during the Northwest Conference Spring Classic. Finau aced No. 9 from 148 yards out on the par 3 en route to a share of 15th-place finish at the tournament. Later this spring, she finished 20th at the Northwest Conference Championships. She was the top finisher for Pacific in all 10 events including seven top 10 finishes and five top finishes. She had a team-best scoring average of 82.63.

KOLBY NIKOLAISEN '20
MEN'S TRACK & FIELD

Kolby Nikolaisen (Sumner, Wash.) broke one of the longest standing records in Pacific history, setting a new record in the pole vault. He later went on to break his own record, one week later, with a clearance of 15-7.75 at the Pacific Lu'au Invitational on April 7. Following his record-setting performance, he was named the Boxer Club Male Athlete of the Month in March. Nikolaisen won the pole vault competition at both the Pacific Lu'au Invitational and won the Puget Sound Scoring Meet.

briefly noted

LIGHTS, CAMERA, ACTION | Pacific University's Forest Grove Campus was transformed into the fictional town of Beacon Heights in March as film crews shot the pilot of *The Perfectionists*, a spinoff of the *Pretty Little Liars* TV series. The filming brought visibility to the university and gave some students the chance to serve as extras and learn from professional filmmakers.

DACA IN FOCUS | "Dreamers of Oregon: Out of the Shadows" — a photo exhibit examining the lives of immigrants under the embattled Deferred Action for Childhood Arrivals program — opened at Pacific this spring. A collaboration between photographer Holly Andres and the nonprofit Bienestar, the exhibit includes dramatic portraits of DACA

recipients, including mother-of-two Brianda Alcazar Polvos '17, who earned a chemistry degree at Pacific and is set to start pharmacy school this fall.

SPLASHY CELEBRATION | The Forest Grove Aquatic Center — home to Pacific's Swim Team — will celebrate its 50th anniversary at a special celebration

honors & awards

Michael Burch-Pesses, Music,

received the 2018 John C. McManus Distinguished Teacher Award from the Oregon Music Education Association. The award recognizes lifetime service to music education and notable professional accomplishment. Burch-Pesses is Pacific's longtime director of bands, as well as the musical director of the Oregon Symphonic Band. This spring, he will conduct during the university's 70th anniversary Music in May festival, which attracts the finest high school musicians from around the country.

Stacey Halpern, Biology,

has been awarded a Fulbright Scholar Fellowship to study factors that contribute to a plant's invasiveness in a non-native habitat. Beginning in June, Halpern will spend seven months in Japan working alongside other researchers studying Carolina horsenettle, a plant native to the U.S. but invasive in Japan. Halpern, an evolutionary ecologist, has studied Carolina horsenettle in Florida since 2005 as part of a long-term collaboration with ecologists there.

Brent Norris, Physician Assistant Studies,

received a grant worth \$36,000 from Johnson & Johnson subsidiary Ethicon to help train PA students in suturing and wound closure in simulated emergency, surgical and hospital settings. The funds will allow the School of Physician Assistant Studies to update its equipment and provide sufficient suture supplies to ensure students are proficient in this skill at the time they enter their clinical rotations.

Matthew Minicucci, English,

is one of just 18 writers to have received a 2018 Oregon Literary Fellowship. Fellows are awarded a grant to help initiate, develop, or complete a literary project. Minicucci teaches writing and literature courses and is the senior poetry editor of *Silk Road Review*, a literary magazine published by the university. He is the author of two collections of poetry, and his work has also appeared in numerous journals and anthologies.

Mike Charles, Education,

received an Endeavor Executive Fellowship from the Australian government to lead a professional development project at the Australian Science and Mathematics School (ASMS) at Flinders University in Adelaide. For three months this year, Charles led a team, which included Pacific's Steve Rhine, Education, Rich Van Buskirk, Biology, and James Butler, Physics, that enhanced the teaching skills of Flinders faculty. The project also connected ASMS students with the Forest Grove High School students of Pacific alumna Briana VanRoekel '16, MAT '17.

on June 16. Events include a formal celebration, open-mic remarks and open swim at 1968 prices.

WRITE STUFF | The Master of Fine Arts in Writing Program hosts its annual summer residency on the Forest Grove Campus in June. Renowned author-mentors serve as faculty for the

low-residency program. Guest speakers at the residency will include author Barry Lopez, memoirist Claire Dederer, the National Book Foundation's Lisa Lucas and essayist Sarah Gerard.

► pacificu.edu/MFA-writing

CAP & GOWN | Pacific University celebrates its spring commencement

on May 19, welcoming 740 new members to the Alumni Association. Highlights of the celebration include the conferral of an honorary degree upon Trustee Tommy Thayer, best known as the guitarist for KISS, and the awarding of the Kamelia Massih Prize to Shinji Seki '77, OD '79.

It all started with Tabitha Brown, an aging and near-penniless widow who crossed the Oregon Trail and found a calling in taking in orphans, giving them a place to live and an education to help start their lives.

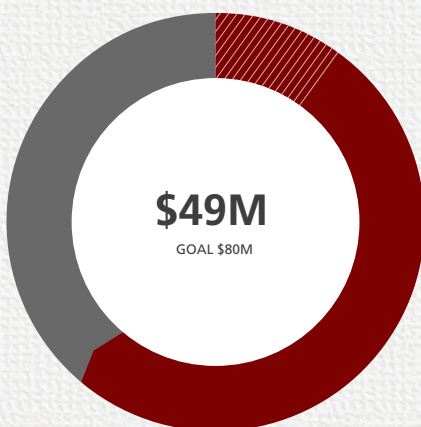

For 169 years, Pacific University has been a place where students have found a home and an opportunity to launch their own dreams.

Today, with Lead On: The Campaign for Tomorrow at Pacific University, we look to the future and to continuing and expanding that mission for generations of students to come.

Our \$80 million fundraising campaign focuses on creating world-class learning environments for the 21st century, exploring new ideas and innovations, and expanding the Pacific promise in perpetuity as we inspire students to think, care, create, and pursue justice in the world.

Discover how Pacific University is changing lives, one by one, and join us in creating a brighter future for our students tomorrow.

Above: Khiem “Tim” Tran and Thuy “Cathy” (Trinh) Tran, at Pacific in the early ‘70s.

Right: Tim and Cathy Tran return to campus, March 2018 just months after the dedication of the Tran Library.

A JOURNEY HOME

BY ANNA ROBATION-WINTHROP
 ROBBIE BOURLAND & ADAM FEIN

At Pacific, Tim and Cathy Tran participated in Greek life and other extracurricular activities.

In 1970, Khiem “Tim” Tran and Thuy “Cathy” Trinh said goodbye to their families in war-torn South Vietnam and headed to America for a college education.

Named the top candidates in their country for an international scholarship, the two young adults ended up at Pacific University feeling as if they had won the lottery.

“Being able to get an education in the United States, or another Western country, was the ultimate dream of a young [South Vietnamese] person,” recalled Khiem “Tim” Tran ‘74.

Neither could have imagined that five years later they would be back in Vietnam, trying desperately to escape the Communist takeover, nor that they would return to their friends at Pacific with little more than the clothes on their backs.

Like so many refugees of war and political persecution, they found themselves starting over. But in nearly 40 years, both Tim and Cathy have found

continues ►

George Evans, Tim Tran '74, Donna Evans, Bobbi Nickels '70 and Cathy Tran '74 celebrate the Tran Library dedication in Fall 2017.

“It became apparent to me pretty quickly that Khiem and Thuy were not the average international students.” — GEORGE EVANS

After fleeing Vietnam, Tim Tran returned to Forest Grove carrying all his belongings in a small sack. His meager possessions included a tiny, hand-made stove that he used to boil water for tea during his stay in a refugee camp. The stove reminded him of the “best of the worst time” in his life.

tremendous career success. In 2017, they used that success to say “thank you” for the support they found at Pacific, establishing an endowment that will fund learning and discovery for students for generations to come.

“What we have done is just a small way to pay back what we received from Pacific — the kindness and the support from the university and from some very special people,” said Tim Tran.

SEIZING OPPORTUNITY

Tim grew up the son of a civil servant and homemaker. Cathy was one of eight children, raised by her mother after her father died at age 36. She was encouraged

by her oldest brother to pursue higher education.

“He saw that I was a bright young kid,” she told *Pacific* magazine in a 2004 interview. “To him, it didn’t matter if I was a boy or a girl.”

At Pacific, they embraced college life, making friends easily and becoming known for their intellectual curiosity and eagerness to learn about American culture and history.

Tim joined the Gamma Sigma fraternity and the Speech & Debate Team and wrote for *The Pacific Index* and the *Pacific Review* literary magazine.

A voracious reader who had limited access to books as a child, he spent long hours in the campus library, which he came to consider his “second dormitory.” His constant companion was an English dictionary used to decipher unfamiliar words.

Visiting campus earlier this year, he walked through what are now offices in what is now Scott Hall — the library from his Pacific years — and pointed to a corner where he used to fall asleep reading.

“I always got the impression that Tim felt blessed to be given the opportunity to have a good education in America and took every opportunity to take full advantage of it,” said fellow Speech & Debate Team member Ronald Johnston '72.

Cathy, too, blossomed at Pacific. She joined Theta Nu Alpha sorority and the Boxerettes women’s service group and often visited the homes of fellow students and professors, bringing Vietnamese dishes to share or cooking them on site.

“It became apparent to me pretty quickly that Khiem and Thuy were not the average international students,” said Professor Emeritus

George Evans, who taught the Trans literature and writing.

“They read and read and asked countless questions about not just the texts, but the culture that produced them. I think in time they knew more about American culture than our American students did.”

A TOUGH CHOICE

After two years at Pacific, both Tim and Cathy opted to finish their educations at larger institutions. Tim studied accounting and finance at the University of California Berkley, and Cathy went to the University of Oregon to complete her bachelor’s in finance.

Tim was accepted into the MBA program at Berkley, but the federal agency that awarded his international scholarship wouldn’t extend his student visa.

And so he faced a difficult dilemma: stay in the United States illegally, enroll in a master’s program in Canada, as some friends suggested, or return to war-ravaged South Vietnam, as he and Cathy were supposed to under the terms of their scholarships.

“I concluded that returning to South Vietnam was the honorable thing to do,” Tim said. “I owed the South Vietnamese and the American governments a lot for my education.”

Tim and Cathy went home. Each landed a good job with U.S.-based firms: Tim as an internal auditor for Shell oil company and Cathy as a financial analyst for Esso.

In April 1975, though, Saigon fell to the North Vietnamese army and chaos ensued.

Tim, who had been a rising star at Shell, lost his job after the country’s Communist regime

nationalized foreign-owned companies and fired workers suspected of being “unfriendly” to the government.

Cathy was assigned a book-keeping position at another nationalized entity but found herself reporting to former North Vietnamese soldiers who had been given plum jobs at the company, despite little education and few qualifications.

Hebb and Roberta “Bobbi” Nickels ‘70, who had worked with Tim at Pacific’s Upward Bound program for underprivileged kids, tried to sponsor the Tran family’s immigration to the U.S. Later, Nickels formed “Friends of Khiem,” a campus group of students, employees and alumni who raised money to try to fund their escape.

Though they were unable to bring Tim and Cathy to the States,

water and food supplies, as well as one of the boat’s engines.

For two days, the refugee passengers had no food or water. One didn’t survive.

“Everybody was hungry, but the worst thing was the thirst,” Cathy said. “Suddenly, somebody said, ‘I see land.’”

The group waited until nightfall to approach the Malaysian coast. As their boat inched toward the shore, Tim persuaded the group to slam the boat into a rock, hoping to damage the vessel so that Malaysian authorities couldn’t tow it back out to sea.

“We tried to escape many times and failed. We lost money trying to escape and were lucky not to get arrested.” — TIM TRAN

SEARCHING FOR A WAY OUT

In the aftermath of the war, hundreds of thousands of people fled Vietnam, and the country’s economy collapsed.

Tim and Cathy married quietly in a family-only ceremony just a month after the fall of Saigon. And they plotted their escape, each day filled with worry that their U.S. educations and ties to Western employers would lead to arrest.

“We tried to escape many times and failed,” Tim recalled. “We lost money trying to escape and were lucky not to get arrested.”

Two of Cathy’s brothers and her uncle were sent to Communist “re-education camps.” Tim’s sister Thao was the only member of his family to get out before the country fell, landing in a refugee camp in the Philippines, where she was eventually able to contact his friends at Pacific for help.

She wrote a letter, addressed only to “Paul Hebb, Pacific University, Oregon.” Somehow, the missive arrived in Forest Grove.

Nickels did manage to sponsor Thao. The women became roommates and close friends. Thao improved her English-language skills and eventually earned a scholarship to study math at Pacific, graduating in 1980.

TAKING TO THE SEA

In 1979, on a stormy night, Tim and Cathy passed themselves off as ethnic Chinese, joining 350 on a wooden boat designed to carry some 50 people. They would eventually cross the Gulf of Thailand into Malaysia.

Over the course of seven days, the boat was attacked by seven groups of pirates, armed with guns, grenades and machetes. The first group made off with buckets of gold, diamonds and money.

By the time the seventh group boarded the boat, there was little left to steal. One of the pirates demanded Tim’s prescription glasses and his Levi jeans at knife point. He quickly complied.

Frustrated that there wasn’t much to steal, the pirates destroyed the

Tim Tran wrote for the Pacific Review literary magazine and The Pacific Index newspaper, in addition to belonging to Gamma Sigma and the Speech & Debate Team.

The collision resulted in only minor damage, so the refugees jumped off and destroyed their boat by hand, reducing it to a pile of floating lumber.

Once ashore, the group was corralled by authorities into a makeshift, barbed-wire prison and later taken to an overcrowded refugee camp on an island off the coast. There, food was scarce and

**PACIFIC
UNIVERSITY**

Tim and Cathy, at home, fondly recall their Pacific days as they flip through the 1971 yearbook.

living conditions primitive, but most detainees were just grateful to have escaped Vietnam.

"The conditions were terrible, but nobody complained," Tim said.

During their detention, Tim volunteered as a press liaison and interpreter for English-speaking delegations visiting the camp. Cathy taught English and worked as an interpreter too.

When asked by one reporter about his aspirations, Tim replied: "I would like to get to the United States, and I will do my best to be successful."

BACK IN THE U.S.A.

When Tim finally returned to Forest Grove in 1979, he carried all his belongings in a small, plastic sack.

"Khiem got out of the car carrying one small bag," Nickels said. "He looked at me with his

characteristic dry humor and said, 'I travel light.'"

Getting re-established wasn't easy. Tim borrowed \$300 from Nickels, later repaid with interest, and friends co-signed for an apartment. He began applying to entry-level jobs, landing a low-level accounting position with Portland's Johnston Supply.

He earned an MBA in night school and worked his way up the corporate ladder at Johnston, retiring in 2003 as chief financial officer. Since then, he has taught business, finance and taxes at colleges in the Portland area.

Cathy had an impressive career as well. She spent 18 years with U.S. Bank and 15 years at Standard Insurance. A Certified Public Accountant, she retired from the company in 2015 as a tax manager.

In 2017, the Trans returned to Pacific once again, their circumstances far different. Tim is now a trustee for the university, and the couple has established the Khiem "Tim" '74 and Thuy "Cathy" Tran '74 Library Endowment, providing perpetual support for learning at Pacific. The new campus library, built in 2005, was named in their honor.

Thirty-eight years after fleeing Vietnam, Tim stood at a podium in Trombley Square to say thank you for the inspiration, education and support he received at Pacific.

"Coming here today and attending this dedication is the completion of a long journey of 38 years and more than 10,000 miles," he said. "I'm glad it ended right here." ■

A robust endowment is the foundation of a university. The perpetual support that endowments provide allow us to keep and grow the Pacific promise, carrying our mission into tomorrow by funding financial aid, innovative programs, and faculty research. Pacific's endowments currently total about \$71 million, with a goal of reaching \$100 million as part of Lead On: The Campaign for Tomorrow at Pacific University. Learn how to start or contribute to an endowed fund at Pacific.

Tim Tran addresses longtime supporters from the Pacific community and others who gathered for the dedication of the Tran Library in 2017.

"Coming here today and attending this dedication is the completion of a long journey of 38 years and more than 10,000 miles. I'm glad it ended right here." — TIM TRAN

A PASSION TO SERVE

BY ANNA ROBATION-WINTHROP
 ROBBIE BOURLAND

During her first two years at Pacific University, Alex (Bing) Marchbanks '14, SLP '18 had only a vague sense of what she hoped to do after graduation.

It wasn't until her junior year — when she added a minor in communication sciences and disorders — that she discovered her passion for speech-language pathology, a field she'd hardly known existed.

"The minor, for me, really ignited this passion of wanting to work with people with speech and language

"The professors in the CSD program are extremely passionate. They made me feel as if I could really make a difference in the field."

— Alex Marchbanks '14, SLP '18

impairments," said Marchbanks, now a second-year student in Pacific's master of science in speech-language pathology program. Marchbanks is a recipient of the Aurora "Rae" Peters '65 Endowed Scholarship for undergraduate students who complete the CSD minor and are

admitted to the SLP program. Peters, a speech therapist, and her husband, Clark '65, MSEd '70, met as students at Pacific. In 2011, they established an endowed scholarship to honor her support of the SLP program.

Like Rae Peters, Marchbanks was inspired by her professors at Pacific to pursue a career in the field.

"The professors in the CSD program are extremely passionate," Marchbanks said. "They made me feel as if I could really make a difference in the field."

Marchbanks has taken full advantage of the community-based clinical experiences available to students in the SLP program.

In 2017, she was among a group of graduate students from Pacific who partnered with the Aphasia Network to offer a weekend camp at the Oregon Coast for couples affected by aphasia, a common disruption to the language center of the brain, often caused by a stroke.

She's also worked with older adults in an assisted-living facility, residents of a memory-care community, and children with brain injury in her full-time externship at Randall Children's Hospital in Portland.

Of all her clinical experiences, Marchbanks has found it especially rewarding to work with individuals with memory loss related to Alzheimer's and dementia.

"We're not there to restore their lost memories," she explained. "We are there to maintain the function that they do have and increase their quality of life so their days can be more enjoyable." ■

Scholarships are a critical tool in helping students attain and expand their educations. Supported by donor gifts, scholarships not only help incoming undergraduates start their college years — they also are especially important in allowing students to stay at Pacific in order to complete their degrees or go on to graduate programs, where financial aid may be harder to access. Learn how you can support our students' futures.

► pacificu.edu/LeadOn

THE CARE TO SAVE LIVES

Dennis Smith MS '87 and Nada Lingel '79, OD '81, MS '88, '00 have longed believed in the impact their profession could have with the right education and training.

That's why the husband-and-wife duo have spent a combined 62 years teaching in the Pacific University College of Optometry, providing guidance to future optometrists.

Though their activities have run the gamut — from Lingel's position as assistant dean for clinical programs to Smith's involvement with the Virginia Garcia Memorial Health Center board, its clinic and its partnerships with the university — both have emphasized systemic disease and the way eye care directly relates to overall health.

"In my experience, patients don't present only wanting to talk only about their eyes," Lingel said. "Patients want to talk about everything from how their bowels are working to the tingling in their fingers. If the optometric physician isn't aware of the connections between such symptoms and systemic disease, he or she could be doing a disservice to patients, one that could cost lives."

That lesson has been core to what they've passed on to students.

"In addition to addressing ocular and visual concerns, I've always expected our students to be concerned if a patient walked in with swollen ankles, skin lesions, inflamed gums" or other symptoms that could be signs of serious health conditions, Smith said. "I want our students to care enough about the health of the patient that they will perform a few basic tests to get the patient to the appropriate healthcare provider."

Smith and Lingel retired from Pacific in 2015 and 2017, respectively, but their commitment to systemic disease education lives on.

They recently established the Drs. Dennis L. Smith and Nada J. Lingel Award for Excellence in Systemic Disease. The annual award will recognize one or more fourth-year optometry students for their hard work, skill and dedication to understanding systemic disease and providing comprehensive patient care.

"We hope to honor the student who is interested in the welfare of patients so much that they are willing to make the sacrifices in time and energy needed to stay current in systemic disease and demonstrate a commitment to applying their knowledge" in practice, Lingel said. ■

Faculty and staff at Pacific are among the first to step up and support our students. Almost two-thirds of Pacific employees make financial gifts to the university each year, giving us one of the highest employee giving rates among our peers. This dedication by employees speaks to the faith that Pacific faculty and staff have in their students. Join Pacific employees in support our students with a gift today.

SMILES DELIVERED

BY ANNA ROBATION-WINTHROP
 ROBBIE BOURLAND

In early spring 2018, dozens of people descended on St. Cecilia Parish in Beaverton, Ore. — not to attend to their spiritual needs, but their healthcare needs.

Inside the church, they sat down with trained volunteers from Providence Health's Promotores program, who provided nutritional coaching, blood-pressure checks and information on health insurance programs for low-income families, among other vital services.

Crista Zuniga DHS '18 and Megan Fox DHS '18 provide dental care in Pacific's Smile Care Everywhere mobile clinic.

Then, with their medical histories in hand, many of the visitors to the charitable clinic climbed aboard two brand-new mobile clinics parked outside the church — where they got free dental screenings, cleanings, eye exams and custom-made glasses thanks to Pacific University's EyeSmile Outreach Program.

EyeSmile unites mobile healthcare programs run by Pacific's College of Optometry and School of Dental Hygiene Studies. The new mobile clinics, funded by generous donations, have allowed both schools to expand their outreach to underserved populations, both individually and collectively through EyeSmile. Students work under the supervision of faculty members to get clinical experience in their respective fields and through EyeSmile learn from one another as a result of interprofessional collaboration.

The College of Optometry dedicated its new 33-foot mobile clinic in the spring of 2017. Later, the School of Dental Hygiene Studies received philanthropic support to build a similar mobile unit for its Smile Care Everywhere program, which partners with community organizations like Promotores to provide services and patient education.

Many of the people who visited the clinic at St. Cecilia Parish received services they otherwise wouldn't have been able to access — because of language and cultural barriers, lack of health insurance and/or work schedules.

Meanwhile, students like Megan Fox '18, a senior in Pacific's Dental Hygiene program, got hands-on experience and a chance to practice her Spanish with many of the patients. For the first time ever, she also did eye exams, coached by students and faculty from the College of Optometry. Many conditions, like diabetes, affect both dental and eye health.

"It's important to be comfortable working in all types of settings and to be able to work with Spanish-speaking patients," Fox said. "It's experience I'll be taking out into the real world" after graduation. ■

One of the three pillars of Lead On: The Campaign for Tomorrow at Pacific University is the expansion of outstanding, 21st century learning environments for our students. From residence halls to science labs, athletic facilities to mobile health clinics, the spaces where our students live, learn and grow set us apart from the rest. Discover what the future holds for Pacific's four campuses and its network of clinics and outreach opportunities, and learn how you can help build the learning environments of tomorrow. ▶ pacificu.edu/LeadOn

ROBBIE BOURLAND

THE CHANCE FOR A BOUNDLESS FUTURE

Jahan Asad works on her recovery with the help of physical therapists and other healthcare providers.

When she was 13 years old, Jahan Asad woke from a nap to a terrifying discovery: She was paralyzed from the neck down and struggling to breathe. She began to scream.

Her family rushed her to the hospital — where she spent the next week undergoing tests and, with the help of pain medication and physical therapy, regained the ability to walk and do other routine tasks. Her doctors couldn't figure out what had caused the

temporary paralysis, and she left the hospital assuming it was an isolated incident.

That turned out to be wishful thinking.

By the time Asad was a freshman at Aloha (Ore.) High School, she had suffered almost a hundred episodes of paralysis, which caused severe back pain, and had been in and out of the hospital many times, once for two months.

"The pain eventually became unbearable, and I started to lose hope," said Asad, an incoming Pacific University student. "As I started becoming weaker, my team of doctors became stronger and was determined not to give up on me."

AN ANGUISHING CHOICE

In 2015, Asad's neurosurgeon proposed a risky, experimental surgery that might alleviate her back pain. Feeling it was her only option, she chose the surgery and went under the knife during finals week her sophomore year.

Her recovery took months — and lots of intense physical therapy — but Asad was back on her feet by the start of the next academic year.

"My brain had completely forgotten how to do basic life activities, such as changing my clothes, writing and even speaking to others," she said. "After many tears and intense physical therapy, I was walking on my own once again."

Asad's struggles have only strengthened her resolve to make the most of life and help others — partly as a way of repaying the strong support she's received from her close-knit family, her healthcare providers and others.

Today, she hopes to become a neurosurgeon, and a full-ride scholarship to Pacific will help pave the way.

A henna heartbeat drawn on Asad during recovery gave her hope.

A NEW BEGINNING

When she enrolls at Pacific in the fall of 2018, Asad, the daughter of Pakistani immigrants, will be the first person in her immediate family to attend college, and one of the first women in her family to have completed high school.

She's the recipient of Pacific's scholarship for graduates of the Beaverton School District's Early College High School program, which she entered her junior year because it gave her the flexibility she needed to attend to her healthcare needs and continue her education.

"After my surgery, I realized that I could come back stronger and inspire other people," she said.

SPREADING HOPE

In early 2017, she founded Henna is Hope, a club that aims to bring a little joy to people struggling with emotional or physical issues through temporary body art. As part of her volunteer work at a rehabilitation center in Forest Grove and nearby hospitals, Asad does henna art on patients.

"Healing can be physical and emotional," said Asad, who taught herself henna art during

"My brain had completely forgotten how to do basic life activities, such as changing my clothes, writing and even speaking to others." — JAHAN ASAD

"I want to go into neurosurgery and help people and give them the hope that I once had lost," said Asad, who's quick with a smile and exudes quiet confidence.

"To be accepted to Pacific, I am not only breaking barriers for myself, but also creating a path for my cousins and siblings who look up to me. It

would have been really hard for me to attend Pacific without the financial help."

Following her surgery, Asad did more than just resume her education. She

became an exceptional student academically and a difference-maker in more ways than one.

her two-month hospital stay and found that it helped her cope with loneliness, boredom and fear. It also helped to steady her shaky hands.

One day she had an epiphany when a physical therapist visiting her hospital room took an interest in her henna art and decided to give it a try. He drew a heartbeat sound wave pattern on one of her wrists. It's a design she has recreated many times since.

"It clicked for me that henna can be a way of healing," she said, recalling the laughter and the warmth she felt during that interaction.

"You see the intricate designs [of henna art] and that's all you're thinking about. The other worries" melt away, she explained.

continues ▶

Jahan Asad does henna on her friend's hand at Portland Community College.

In addition to launching Henna is Hope, Asad has made her mark in the Early College High School program and at Portland Community College. She has served as co-president of the Beaverton School District's Student Advisory Committee and in that role lobbied to provide more mental health resources to students. Asad has also been an ambassador for the Early College High School program and mentored other students.

A BOXER IN THE MAKING

She has ambitious plans for her time at Pacific. Asad plans to get involved in student government and with the Student Multicultural Center and the Center for Civic Engagement. She also aspires to start a Henna is Hope club at Pacific.

"I am so proud to become a Boxer," said Asad, who has long known that Pacific was her top choice of colleges. Against the advice of her counselors, she applied only to Pacific.

Becoming a Boxer will be something of a homecoming for her. Asad lived in Forest Grove until her family relocated to nearby Beaverton when she was in sixth grade. She feels a strong connection to the Forest Grove community and hopes to volunteer in local schools.

"Growing up in Forest Grove, I'd see the buildings on campus and they looked to me like castles, something magical," said Asad.

Now that she's older, she's drawn to Pacific for the sense of community and the devoted faculty. But her connection to the university also stems from the long battle she has waged with her own body: Many of the physical therapists who have helped (and inspired) her throughout her ordeal are graduates of Pacific, including her aunt K'rene Sher '13, PT '16.

"They really inspired me to want to give back," she said. "When I couldn't move, they encouraged me to keep going." ■

Asad gave this artwork to an admissions counselor exhibiting her excitement in becoming a Boxer.

Pacific University transforms lives, one at a time, for our students and the people they touch. When you make an unrestricted gift to the Pacific Excellence Fund, you give the university the flexibility and opportunity to respond to students' most pressing needs and expand educational opportunities for students who may otherwise not be able to access higher education. Every gift to the Pacific Excellence Fund supports students like Jahan Asad in pursuing their dreams and embarking on a brighter future.

memorabilia

Music in May

Pacific University Music in May, one of the longest-running high school music festivals in the U.S., celebrates its 70th anniversary this year. Some 34,000 students have participated since its inception in 1948. Former music Professor Richard Greenfield founded the festival to encourage the development of string music in public schools. Band and choir were added at the suggestion of high school music directors. The festival, which takes place May 24-26 this year, has attracted many distinguished guest conductors, including the late Carmen Dragon — whose hand-written notes on the string parts for “America the Beautiful” are still used in the final concert. In honor of the festival’s 70th anniversary, this year’s conductors are acclaimed Pacific faculty members Michael Burch-Pesses, Dijana Ihas and Scott Tuomi. *Images courtesy of Pacific University Music Department*

1952

James Clunes

'52, OD '54 celebrated his 90th birthday on June 28, 2017, with family and friends in Clovis, Calif. A retired optometrist, Clunes established the Albany (Ore.) Vision Clinic with fellow Boxer **William Shackelford '50, OD '51**, who passed away in 1994, and the late Merle Landes. They retired after 35 years in business together. Clunes, who emigrated from Scotland in 1949, now lives in an active retirement home in Clovis, near his daughter. He still plays bagpipes and is remembered for entertaining on many occasions at conferences hosted by the Oregon Optometric Physicians Association.

1968

Gary Wheeler '68, OD '68

mayor of Medford, Ore., since 2004, was featured in an installment of the *Medford Mail Tribune's* "Community Builder" Q&A series.

1970

Mark Slegers '70

recently retired as minister of music at First Unitarian Church of Portland after 39 years of service. During his tenure, the music program grew to more than 300 member musicians singing or ringing hand bells.

Andrew Maeda OD '70

has published two novels, *When Love Never Ends* and *The Women of Harrington Hall*. Maeda,

of Hilo, Hawai'i, has been in practice for 48 years and is semi-retired. His daughter and fellow Boxer **Jennifer Maeda OD '02** has taken over his practice.

1972

Brian Douglass '72

received the inaugural Pioneer Award from the Fremont District of the Boy Scouts in 2017 for creating the business model for the Scouts' longtime Christmas tree recycling program in Central Oregon. Douglass first created the model in Portland in 1987 and brought the project to Bend when he and his family relocated there in 1990. Funds generated by the program support local troops. Local Scout leaders estimate that the program raises thousands of dollars each year. Douglass, who served as student ombudsman during his time at Pacific, has earned the moniker "Dr. Squirrel," due to his work to boost the campus squirrel population in the 1970s and to now collect alumni memories of Pacific's friendly squirrels.

1977

Pacific University Trustee Michael Hudson Sr. '77

is serving as temporary director of human resources for the Santa Monica (Calif.) Community College District. He assumed the role on Jan. 1, 2018. Hudson has been substituting in a variety of human resources positions for the Santa Monica

College since his 2011 retirement from the Los Angeles Unified District. He and his wife are also enjoying spending time with their first grandson, Mikel Hudson-Fernandez, born June 6, 2017.

Barney

Lerten '77 and Debra (Rosenberger) Lerten '77

moved into a new house in August 2018 in Bend, Ore., where they have lived for more than 25 years. He is a digital content director for KTVZ - NewsChannel 21, and she works as a financial specialist for the Law Office of Angela Lee.

1978

David Stacy OD '78

has been named a 2017 Top Doctor in Chandler, Ariz. The award honors healthcare practitioners who have demonstrated clinical excellence while delivering the highest standards of patient care. Stacy is also involved with Vosh International, a humanitarian organization dedicated to eradicating preventable blindness. He chairs its technology transfer program, which supplies donated equipment to newly established optometry schools in developing countries. He is also a past president of Vosh's Arizona chapter.

Terry Adams OD '78

retired in December 2017 after a 40-year career as an optometrist, most recently with the Scottsbluff (Neb.) Vision Clinic. Though he spent

most of his career in optometry, Adams started out as a math teacher. He enrolled at Pacific's College of Optometry after deciding to change careers.

1980

James "Jim" Radcliffe

'80 helped lead the U.S. Women's National Hockey Team to a gold medal in the 2018 Winter Olympics in South Korea. Radcliffe has been the team's strength and training coach since 2016. He is also the longtime head of the University of Oregon's strength and training program. Radcliffe played four seasons for the Boxer's football team as a student at Pacific.

1981

Frank Barter '81

released his first album, *Ready*, last year on the Valley Entertainment label. According to the independent label, Barter "writes and sings like a guy who's been beat up and still won't quit, like a guy who's been dumped but still has hope for a happy ending. There's gravel and silk, triumph and longing, celebration and regret."

1982

Nely (Agbulos) Caberto

'82 of Kekaha, Hawai'i, has spent more time in Oregon lately now that her son, Keane, is a student at Western Oregon University. During her visits to Oregon, she has reconnected with other members of the Pacific community,

including former athletic director and softball coach Judy Sherman, and visited the Forest Grove Campus. While the campus has changed a lot since she was a student, Caberto says that it still has a warm, welcoming feeling.

1984

Michael Ford '84 has been named chief operating officer of the Denver Regional Transportation District. Ford brings extensive leadership in public and private transportation to the newly created position. As chief operating officer, he oversees the agency's bus and rail operations while meeting the needs of the growing metro region.

1987

Maria (Burak) Huppi '87 was featured in an October 2017 article in *The Times*, a newspaper serving parts of Washington County, Ore. Huppi became a quadriplegic in 2000 when a tree fell on the minivan she and her husband were driving. She has gone on to become an artist, using her mouth to hold a paintbrush as she paints scenes inspired by the garden and pond in her backyard.

► mariahuppi.com

1988

Ken Kondo '88 won four gold medals in Masters Swimming, representing the State of California in the 50-yard breaststroke and the 50-, 100- and 200-yard

backstroke during the 2017 State Games of America in Grand Rapids, Mich., in August. He has qualified for the 2019 State Games of America to be held in Virginia. He swam on the Boxer men's swim team from 1984 to 1988.

1991

Mark Beck '91 has joined the board of IDEX Corp. The publicly traded company is best known for its expertise in highly engineered fluidics systems and components, as well as for its expertise in fire and safety products, including the Jaws of Life family of rescue tools.

1994

Mike Kimber '94 is a teacher and head wrestling coach at Mt. Edgecumbe High School in Sitka, Alaska. He recently completed his 18th year as the school's head wrestling coach. In 2017, his girls wrestling team was awarded a team championship trophy. The team qualified 14 wrestlers to the state tournament and won with 193 points. Kimber graduated from Mt. Edgecumbe in 1988. In recent years, the school has built the largest girls wrestling program in Alaska.

1995

Bill Alton '95, MFA '07 was among the authors featured at WordFest, a monthly gathering of writers and readers in Longview, Wash., in

November 2017. Alton read from a novel he co-wrote, *A Change in the Wind*, set in Central Europe at the beginning of the 19th century when Napoleon Bonaparte was building his empire.

2002

Tawnya (Wilson) Pastuck '02, OD '06

has published her first children's book, *Buddy Gets His First Pair of Glasses*. Pastuck wrote the book to help alleviate the anxiety that often surrounds a child's first eye doctor visit. Her book was published by Bee Tree Books, a Pacific University Libraries' publishing service.

► pacificu.edu/BuddyBook

2004

Jesse Jimenez '04 was married on Nov. 11, 2017, to the now Cassie Jimenez.

Shelan (McClung)

Stritzke '04 joined iQ Credit Union in Vancouver, Wash., in 2017 as its new human resources manager. She oversees human resources policies and programs, from recruiting and new hire onboarding to performance management and employee benefits.

2005

Sally Roberts '05 appeared on NBC's *Megyn Kelly Today* show in January 2018 to discuss *Wrestle Like A Girl*, the group she founded to promote female

wrestling and cultivate the whole athlete in the developmental process. Roberts is a two-time World bronze medal winner and three-time U.S. National Champion wrestler.

2006

Justin Arnold '06 was hired in late 2017 as a communications specialist for 38 North, a program of the U.S.-Korea Institute at the Johns Hopkins School of Advanced International Studies in Washington, D.C. In his role, he fields interview requests, manages social media and sets strategic media goals for the program, a source of non-partisan, fact-based analysis of North Korea. He says he feels like he has finally "made it" in D.C.

Jill (Winger)

Gregg '06 and her husband, Patrick, welcomed their third son, Christopher David Gregg, on Jan. 8, 2018, in Pendleton, Ore. Big brothers Jack and Kevin are thrilled.

2007

Dana Zurcher '07 and Ian Eytzen were married Aug. 19, 2017, in Vernonia, Ore. In attendance were Pacific alumni **Bree Davis '07**, **Lisa (Kjorstad) Roche '06**, **Michelle (Doherty) Hickey '07**, **MAT '08**, **Rochelle Schwartz '09**, **MA '13**, **Tiffany Sorenson '08**, **Cassie Lutz MS '17**, **Nicole Burgess '12**, **Jennifer Eaves-Velez '12**,

Melissa Lund '15, **Cub Shulund '88**, **Tania (Glasscock) Hand '04**, **MBA '17**, **Angela Skjeie '10**, **MBA '17**, **Peter '69**, **MAT '83** and **Patricia (York) Truax '69**, **BEEd '79** and **Jeffrey Grundon '80**. **Danice Shulund**, lead coordinator for Pacific's Office of Undergraduate Admissions, and **Karen Dunston**, assistant vice president of Undergraduate Admissions, also attended the wedding. **Emily (Dueker) Coats '11** and **Michelle (Bose) Humphrey '11** served as photographers.

Juno Ann Apalla

'07 was recently named an associate director at Bayada Home Health Care. She oversees the operations of the home care business for the island of Kaua'i. Her office, which has a staff of seven full-time managers and 200 field personnel, recently received the 2018 Best of Home Care — Provider of Choice Award from Home Care Pulse, an independent satisfaction research firm for home care. In January 2018, Apalla also received the Board Member of the Year award from the Kaua'i Filipino Chamber of Commerce. This year, she plans to graduate from the executive master of business administration program at the University of Hawai'i's Shidler College of Business.

class notes

2008

 **Alexia (Barton) Proulx '08** gave a planned home birth to a baby boy, Ashton Evan Proulx, on Oct. 20, 2016. Her husband, Gabe, is a doting daddy. Alexia is working part-time as a physician assistant at a family practice in New York.

Amy Pakula PT '08

has been recognized as an emerging leader by the American Physical Therapy Association. Shortly after graduating from Pacific, Pakula finished advanced training through the Kaiser Permanente Northern California Orthopedic Manual Physical Therapy Fellowship. She now works in the outpatient orthopedic setting at Momentum Physical Therapy in Bozeman, Mont. She has also taught continuing education courses to physical therapists internationally through Health Volunteers Overseas.

2009

 **Leanne (Santella) '09** and **Justin Barden '08** welcomed a son, Makoa Robert, on Leanne's 30th birthday, Sept. 9, 2017. Big sister, Alee, is thrilled to have a baby brother, and all are adjusting well.

Eulalie Laschever '09

received her PhD in sociology from the University of California, Irvine, in December 2017. Her dissertation is titled "Opposing

Movement Strategy, Critical Events, and Policy Change: How the Gun Control and Gun Rights Movement Capitalize on Mass Shootings." She is currently teaching sociology at DePaul University in Chicago.

2010

Thomas Richardson PharmD '10 penned an article on the importance of prescribing and using antibiotics responsibly. The article appeared in the *Helena (Mont.) Independent Record*. He is a board-certified infectious disease pharmacist.

2011

 **Mike Garber '11** and **Amanda (Littlewood) Garber '07, OT '11** welcomed their first son, Kai Daniel, on Nov. 15, 2017.

Marta Stueve '11, PharmD/MHA '16

recently began her pharmacy residency at Yale New Haven Health System in New Haven, Conn. She is enjoying exploring New England with her rescue dog, Athena.

Rebecca (Lopez) Moua '11

was admitted to the Washington State Bar in October 2017 and is currently practicing law in Seattle. She graduated from Seattle University School of Law in May 2011.

Patrick Jordan MAT '11,

was awarded the 2017 GED (General Education Diploma) Educator of the Year Award by the

Oregon Higher Education Coordinating Commission. He is the lead teacher at the Central Oregon Intergovernmental Council campus in Redmond, Ore.

 **Esther (Dunbar) '11**

and Natalie Cromartie welcomed daughter Rory on Feb. 8, 2017.

2012

 **Priscilla Rader '12** and **Ryan Culp '12** were married Sept. 22, 2017, in Portland. In attendance were fellow Boxer alumni **Iain Culp '09, Kathleen (Green) Macomber '12, Edward Macomber III '10, Chris McLinden '14, Max Seiler '13, Evan Cooper '13, Simone (Giess) Iverson '12, Sean Iverson '13, Kelly (Schulstad) Hattab '12, Hunter Dassonville '14, Chris Johnson '15, Guthrie Straw '12**, as well as Associate Professor of Philosophy **Ramona Ilea.**

 **Chelsea Yarbor '12**

and Jose Saettone were married Aug. 12, 2017, in Scappoose, Ore. They live in Anchorage, Alaska, with their two cats.

Savannah Rose DHS '12

has been hired as an adjunct faculty member for the dental hygiene program at the University of Alaska.

Kari Wergeland MFA '12,

a librarian and writer, will release her first traditionally published chapbook, "Breast Cancer: A Poem in Five Acts," in June 2018. The chapbook, published by Finishing Line Press, takes

the reader through each phase of breast cancer diagnosis and treatment. Wergeland self-published her first book, *Voice Break*, a longer poem about singing and writing.

Tabitha Blankenbiller MFA '12

released her debut essay collection in March 2018. Published by Alternating Current Press, *Eats of Eden* follows a year of attempting to write a novel — and the daily life, occasional revelations and passions that feed, distract, complicate, and enrich that process, according to publisher Alternating Current Press. The book made The Rumpus's 2018 What to Read list and The Coil's Books We Can't Wait to Read in 2018 roundup.

2013

David Hagerty MFA '13 recently published the third book in his series of political murder mysteries. *They Tell Me You Are Brutal* continues the story of fictional Illinois Gov. Duncan Cochrane, who has a murderous family secret to conceal and a saboteur to capture. Hagerty says he owes much to the instructors in Pacific's Master of Fine Arts In Writing program (especially David Long and Frank Gaspar), who helped him revise the first volume in his series. Besides making him a better writer, their input helped him find his publisher, Evolved.

David James MFA '13

has published his seventh poetry collection, *If god*

were gentle, with Dos Madres Press. James, whose nom de plume is D.R. James, has been teaching writing, literature and peace-making at Hope College in Holland, Mich., for 33 years. He lives in Saugatuck, Mich., with his wife, psychotherapist Suzy Doyle.

Erin McElhone '13

is slated to graduate from Touro University California's medical school this spring. McElhone has been accepted into the anesthesia residency program at Walter Reed National Military Medical Center in Bethesda, Md., where she will begin her active duty military career as an Army captain.

2014

 **Alexandria Bing '14, SLP '18** and **William Marchbanks '14** were married July 15, 2017, at Mt. Pisgah Arboretum in Eugene, Ore. The groom, originally from Brownsville, Ore., played football for Pacific and majored in public health. The bride, originally from Roseburg, Ore., is a past member of the Pacific women's swimming team and majored in sociology as an undergrad. Boxer alumni **Gabriel Flory '14, Rupa Patel '14, Kristine Valdez '14** and **Nicole Koch '13** attended the wedding.

Michael Henderson '14

has been hired as an administrative assistant for the town of Dresden, Maine.

He has a bachelor's in environmental studies from Pacific and a master's in public administration from Portland State University.

2015

Shaun Keylock '15

recently launched The Shaun Keylock Company, a contemporary dance and performance company dedicated to new movement research and cross-disciplinary collaboration. He began his formal dance training at Pacific, where he majored in dance and art history. Keylock is a recipient of a 2018 artist residency at New Expressive Works in Portland.

2016

Natalie (Stewart) Kiefer PT '16

recently received the first-ever Early-Professional Scholarship from the American Physical Therapy Association's – Section on Women's Health. The scholarship helped to support her attendance at the profession's largest annual conference, Combined Sections Meeting, in February 2018 in New Orleans. She currently works at Warm Springs Holistic Health in Warm Springs, Ore.

Michael Duncan '15, PA '16 appeared in a *Corvallis* (Ore.) *Gazette-Times* story, later picked up by *Stars and Stripes*, the U.S. military newspaper, about an Army veteran who was injured in the search

for fellow soldier Bowe Bergdahl. Bergdahl is the controversial Army sergeant who was imprisoned and tortured by the Taliban after abandoning his post in Afghanistan.

2017

4 Fernando Careaga '17

works as a youth and family development coordinator for the Arizona Youth Partnership in Tucson. He organizes and markets life-skills classes and other programs for youth, ages 11 to 21. The goal of the classes, held in schools and other settings, is to empower young people by giving them tools to help them live healthy, successful lives and make a positive impact on society. Careaga also compiles data reports used to evaluate the effectiveness of the partnership's programs and serves on various committees and other groups within the organization.

Rebecca Lange OD '17, MED '17 co-authored a paper published by the *Review of Optometry*, in December 2017, about a procedure on eyelids that can help with vision.

Kristine Stompro

PA '17 has joined the urgent care department at Essentia Health St. Mary's-Detroit Lakes Clinic in Detroit Lakes, Minn. She is certified by the National Commission on Certification of Physician Assistants.

in memoriam

Stephen Anderson '64, OD '64 died March 8, 2018, at age 77. After graduating from Pacific, he enlisted as an officer in the Army and became the first optometrist to serve in the Vietnam War. In 1967, he married Marianne McKenzie, whom he had met at Pacific. They had two children, Jill and Jordan, before Marianne passed away in 1990. He later married Cathy Cosgrove and became stepfather to Brooke Cosgrove. Anderson opened his Los Altos, Calif., optometric practice in 1969 and ran it for 42 years before retiring in 2011. He was a longtime member and past president of the Los Altos Rotary Club and the youngest optometric society president ever elected. He was

also a board member of the Los Altos YMCA and the Villa Sienna Foundation, as well as a councilman for the Environmental Society of Los Altos. In 2009, he received the Walter Singer Award, the Los Altos Chamber of Commerce's most prestigious community-service designation. He enjoyed running, playing golf, traveling and the company of friends and family. He is survived by his wife, Cathy; children, J.J. Elliot, Jordan, and Brooke Cosgrove; son-in-law, Tim Elliot; two grandchildren; and brothers, Dave (and Margaret) and Jim (and Jean).

Friend

Jacqueline M. "Jackie"

Bafaro, wife of the late Pacific baseball coach Charles R. "Chuck" Bafaro, died Dec. 20, 2017, at age 86. She worked at Timmreck & McNicol Jewelers for many years and was also involved in the Forest Grove community, running the chorus line for the annual Ballard Town USA competition for years and teaching tap dancing. She was preceded in death by her parents; her husband of 46 years; and her daughter **Julie (Bafaro) McMullin '81**.

She is survived by her sons, **Bradley "Brad" '80, MST '86** and **Blayne '87** (and Anne); son-in-law, Gerald McMullin; siblings, Robert (and Donna) Wrenn, Betty Leshner, and Donna (and Dick) Wiles; nine grandchildren; three great-grandchildren; and an extended family.

Marques "Mark"

Clarence McClanahan

died Jan. 2, 2018, at age 87. A former Pacific University trustee, McClanahan earned a bachelor's and law degree from Willamette University. He practiced with Miller Nash Graham & Dunn from 1954 to 1995, then went into private practice. He enjoyed golf, skiing, tennis, travel, bridge, supporting the Assistance League of Greater Portland, monthly dances at the Portland Heights Dance Club, and friendships at St. Andrew's Presbyterian Church. McClanahan was preceded in death by his parents and his sister, Eloise (McClanahan) Griesmeyer. He is survived by his loving wife of 69 years, Faye (Wheeler) McClanahan; his five children, Craig

(and Ruth), David, Julie Baugh, Edward (and Melanie), and Kathleen (and Doug) Wolfe; his brother-in-law and best man, Don Griesmeyer; six grandchildren; one great-granddaughter; and many nieces and nephews.

1945

Joyce (Kellington)

Osborn '45 died Feb. 5, 2018, at age 94. Osborn was a fourth-generation descendant of the Butler and Sigler pioneer families of Washington County. After World War II, she married Army Air Corps veteran and ex-POW **Clinton Gruber '47**, who died in 2011. Osborn worked for U.S. National Bank, where she operated an offset printing press to support banking operations. She had a lifelong interest in music, particularly

opera, and sang in several ensembles. In 1964, she married Warren R. Osborn, a machinist and deep-sea charter sport fishing captain. While holding down her job at the bank, she also worked in the family business, maintaining and preparing fishing boats during the off-season and supporting fishing operations during summers. She was preceded in death by her husband, Warren, and is survived by a son, Dwight Gruber; Jerrilyn Blodgett; and an extended family.

1951

Capt. Lester "Les" F. Demmin '51 died Jan. 6, 2018, at age 88. He was a retired U.S. Navy captain who served on the nuclear submarine force. He was recognized with a Legion of Merit award for exceptionally meritorious conduct in the performance of outstanding services and achievements. In 1962, he married Norma Tabit Armstrong, and they spent 52 years together, raising three sons. He enjoyed antiquing with Norma, tennis and caring for several dogs over the years. He also loved science, reading and telling captivating stories about his life. He was preceded in death by his wife and a son, F. Jeffrey Armstrong. He is survived by sons, William F. Armstrong III and David Demmin; daughters-in-law, Dea Armstrong, Beth Copeland, Suanne

Armstrong and Jennifer Demmin; seven grandchildren; great-grandchildren; and an extended family.

1952

Raymond K. Reutlinger '52 died Dec. 30, 2017, at age 90. He joined the Navy at age 17 as a medic just after World War II. He spent several years in the Pacific on an aircraft carrier and then attended college on the GI Bill, first at Pacific and then at Monmouth College in Illinois. In 1952, he married Helen Douthit of Grand Island, Neb., and they moved to Portland. He had a successful career in pharmaceutical sales for Hoffman-La Roche and spent many contented hours fishing with his friends and family, rooting for the Blazers and Ducks, and playing golf. He is survived by his wife of 65 years, Helen; sons, Ted (and Catherine) and Tom (and Michael Waid); and two grandchildren.

Paul Newell Youngdale '52, OD '53 died Dec. 16, 2017, at age 89. He served in the Army between World War II and the Korean War, before earning his doctor of optometry degree from Pacific. He began his practice in Beaver Dam, Wisc., and served the community until his retirement in 1994. He put his leadership talents to work for a number of organizations,

including the Boy Scouts of America, Kiwanis International, the Freemasons, the YMCA, Grace Presbyterian Church, and the National Board of Examiners in Optometry. He loved gardening, the outdoors and was an avid Green Bay Packers fan. He was preceded in death by his parents; wives, Marian and Shirley; and sisters, Nancy Padfield and Pat Goplen. He is survived by his children, Eric, David, Paula Lynn Schwartz and Bobbie Sue Schwartz (and Eric Braun).

1954

Thomas E. Picard '54 died in September 2017 at the age of 84. At Pacific, he studied theater and art, and he built sets for many school plays. After graduating, he went to the East Coast, where he worked in summer stock and spent 12 years working on sets for New York stage plays. He studied at Yale, Boston University, The Parsons School of Design and The Art Students League of New York in Manhattan. He enjoyed a nearly 40-year professional career as a set designer for ABC television. He has 73 pieces of art in the Coast Guard's permanent art collection, and his work has been displayed worldwide. In 2011, he was awarded the Coast Guard Distinguished Public Service Award. In November, the Salmagundi Club and

U.S. Coast Guard hosted a memorial for Tom in New York, displaying his work. He is survived by sister and brother-in-law, **Malva (Picard) '56** and **Col. William Smith '56**.

1955

Ronald "Ron" Hoodenpyl '55 died Dec. 20, 2017, at age 85. After graduating from Pacific with a bachelor's in business, he joined the Gaston Rural Fire District. He began serving as fire chief in 1958 and retired nearly 40 years later in 1995. He was a life member of the Oregon Fire Chief's Association and enjoyed traveling, camping and gardening. He was preceded in death by his first wife, Loretta; father and stepmother, Irwin and Sally; mother and stepfather, Edith and Darrell Perkins; and sister, Janet. He is survived by his wife, Pat Rasmussen; children, Ronald (and Sherry), Debbie (and Steve), Douglas (and Amber), and Mark; stepchildren, Jeff (and Elena), Janean (and Verne), and Susy (and Dwaine); stepsiblings, James (and Donna); five grandchildren; 12 step-grandchildren; great-grandchildren and an extended family.

1956

Norman Werner Larabee '56 died Nov. 27, 2017, at age 86. He served in the Navy for three years and then attended Pacific. He worked for IBM for 35

years, first in Salem, Ore., and later in Seattle. Following his retirement in 1991, he pursued his many passions: sailing his Cal '36 sailboat, collecting old cars, volunteering in car clubs, hiking, biking and taking road trips on Route 66 and the Lincoln Highway. He volunteered with the Big Brothers Big Sisters of America program. He was preceded in death by both of his wives, Mary Lou and Cheryl. He is survived by his children, Lancer Larabee and Laura (and Mark) Chambers; stepchildren, Jenny (and Tony) Shore and Dan (and Dolly) Null; seven grandchildren; and an extended family.

1957

Thomas H. Guthrie '57 died Jan. 17, 2018, at age 83. He served in the Army as a young man and later worked for Tektronix, started his own cabinet-building business and finally as a craftsman at Good Shepard Homes. He enjoyed hunting, fishing and backpacking with his family. He was also a talented baker and a skilled woodworker. He was preceded in death by his brother, Robert. He is survived by his wife, Theo; children, Zemery, Levi, Crystal, Kelly and Carolyn; siblings, **Ben '57**, Jerry, Linda, Bill, and Alan; eight grandchildren; and three great-grandchildren.

in memoriam

1958

Alfred "Al" Furie '58, OD '60 died Jan. 11, 2018, at age 87. He earned a bachelor's in animal husbandry from Delaware Valley College before attending Pacific for his doctor of optometry. He settled in Hillsboro, Ore., where he practiced for 48 years. He was also an associate professor at Pacific's College of Optometry and an Air Force veteran. In 2008, he received the Outstanding Alumni Achievement Award from Pacific's Alumni Association. He is survived by his wife of more than 55 years, Carole; daughters, JoAnn Eden, Linda, and Betty (and Dennis) Paulsen; and two grandchildren.

1959

Thomas "Tom" T. Thompson Jr. '59 died March 16, 2018, at age 80. At Pacific, Thompson was one of the top offensive linemen in the history of the football program. In 1958, he was named by the Williamson System to the Little All-America football team, one of only two players from Pacific to earn the All-American title. He majored in physical education and was named to the Northwest All Conference team and was invited to try out with the NFL's Pittsburgh Steelers. In October 2011, he was inducted into Pacific's Athletic Hall of Fame.

He taught math, science and coached sports at Tillamook Junior High School, before moving on to a distinguished career with the Tillamook County Education Service District. In 1990, he received the Oregon governor's award for outstanding volunteerism. He was preceded in death by his parents and eldest brother, William Nelson. He is survived by his wife, Carol Ann, of more than 52 years; daughters, Gretchen Annice (and Andrew) Peterson and Tonya Kaye Hobbs; brother, Paul Anthony; sister, Michele Jean (and Jerome) Kallberg; grandchildren; and great-grandchildren.

Charles "Charlie"

Brown '59, OD '60 died Jan. 24, 2017, at age 86. He attended Commercial College in Omaha, Neb., in the late 1940s and entered the Air Force in 1951, working for the Office of Special Investigations. After his discharge, he studied at the University of Iowa, before enrolling at Pacific University's College of Optometry. He also served as a firefighter in Forest Grove. He went on to practice optometry in Ashland for more than four decades. He was an active member of the Ashland Lions Club and Ashland First United Methodist Church, and he supported the Oregon Shakespeare Festival, volunteering as a

"redcoat" usher for some 25 years. He is survived by his wife, Glenda; sisters, Donna (and Jim) Odden and Judy (and Cal) Northam; children, Charles (and Terry), Rachel Brown-Wagner (and Aron) and Susan (and Doug) Cavanaugh; grandchildren; and three great-grandchildren.

1960

William "Bill" G. Macklin '60 died Dec. 26, 2017, at age 81. He worked in a plywood mill before deciding to attend Pacific, where he studied journalism and business and met his future wife, **Virginia Dean '62**. After graduation, he went to work for the Internal Revenue Service. He retired in 1985, and four years later he and his wife returned to Tillamook County, where he lived out the rest of his life. Macklin loved to golf and did so in high school, college and later in life. He also enjoyed fishing, hunting and playing bridge. Macklin is survived by his wife of 58 years, Virginia "Ginger"; children, Susan (and Keith) Johnson, Dean and Shawn Michelle; two grandchildren; and three great-grandchildren.

1962

Bradford "Brad" G. Ross '62 died Feb. 18, 2018, at age 80. Ross majored in journalism at Pacific, where he met and married **Terri Traugher '64** (now Terri Gibson). He was

a member of the Phi Beta Tau fraternity and an accomplished tennis player. He spent most of his career in the newspaper business and in public relations in Oregon. He was editor of the *Coquille Valley Sentinel* on three separate occasions, among other positions. He also had a lifelong passion for fishing and black-and-white photography. He was preceded in death by his parents and sister, Sharon. He is survived by his children, Blair (and Jana), Paige (and Aredha), and Chris (and Elyna); and an extended family.

Dennis Jay Celorie '62

died Oct. 19, 2017, at age 78. He worked with organizations including Easter Seals and Make-A-Wish Foundation over a career that spanned more than 30 years. He is survived by his wife of more than 40 years, Linda; daughter, Lyndsie; mother, Mildred; and sisters, Patricia Stangeland and Kathleen Baratelli.

Gordon Lee Lindley

OD '62 died Aug. 29, 2017, at age 82. He enlisted in the Navy in 1954 and after his honorable discharge attended Pacific's College of Optometry on the GI Bill. He owned and operated a private practice in Grants Pass, Ore., until 1992, when he moved his practice to

a Walmart Vision Center. He served on many boards and committees in the Rogue Valley, with a focus on health, youth and education. He was preceded in death by a daughter, Marni Bertholf, and a son, Larry. He is survived by his wife of 47 years, Donna; twin sons, Steven and Scott; and daughter, Sunny; grandchildren; and great-grandchildren.

Donald V. Printz '62

died Nov. 24, 2017, at age 77. He was named "Best All Around Athlete" his senior year of high school and continued to excel in sports during his time at Pacific. In 1960, he married his childhood love, Barbara, and they spent the next 30 years together before her death in 1990. In 1995, he met his second love, Nancy, and the two moved to Sisters, Ore., in 2000, when Printz retired after more than 35 years as a longshoreman. They married in 2008. He enjoyed fishing and taking the family on boat rides. He was preceded in death by his son, Todd; first wife, Barbara; brother, Gail; sister, Phyllis; and his parents. Printz is survived by his wife, Nancy; daughters, Lori (and Mark) Stevenson, Cindi Millard, and Donna (and Adrian) Thayer; four grandchildren; brother, Floyd (and Darlene); and an extended family.

1970

Lonnie Sisson OD '70

died Dec. 26, 2017, at age 78. After graduating from Pacific, Sisson became the first African American licensed to practice optometry in Nevada. He opened his optometry practice in 1975 and retired in 2002. He served as clinical director of the Operation Life Community Health Center, vice president of the Nevada Public Health Association, chair of the Clark County Planning Commission, director of the American Society of Planning Officials, and was also a member of the Alpha Phi Alpha fraternity. He enjoyed hunting, fly fishing and spending time with family and friends. He is survived by his wife of 40 years, Sandra; children, Lori Lauth, Lyn (and David) Sisson-Talbert, Tori (and Shante) Sisson-Wolfe, and Lon (and Dien); sister, Deloris Harris; four grandchildren; and an extended family.

1971

Calvin L. Downey '71

died Dec. 29, 2017, at age 71. He had a 36-year career with the Washington County (Ore.) Juvenile Department, where he held several positions. He also served as volunteer president of a statewide committee in Oregon for the prevention of child abuse and worked with other organizations

to pass legislation protecting children from abuse and to establish the Children's Trust Fund. He enjoyed football, good food, playing poker with friends, photography, music and the theater. He is survived by his wife of nearly 50 years, Linda; daughter, Malina; and brother, Ron.

James Clifford "Jim" Henriksen MEd '71

died Nov. 23, 2017, at age 92. He enlisted in the military at age 18 and served honorably as a second lieutenant in the Army Air Corps from November 1944 to October 1945. One of the joys of his life was flying. After completing his active military service, he served in the reserves and attended the University of Washington, earning a bachelor's in forestry engineering. In the mid-1950s, Henriksen and his wife, **Erma '61, MEd '71**, moved to Forest Grove, where they started a family and enrolled at Pacific to study education. Later, they moved with their three children to Alaska, where they taught in small communities. After retiring, they moved to Sequim, Wash., and spent much of their time traveling. The couple returned to Alaska in 1994 to be closer to their children and grandchildren and remained in Anchorage for the rest of their days.

He was preceded in death by his sisters; his wife, Erma; and eldest grandson, Leif. He is survived by his children, Jane Baird, Janet Jacob and Bill Henriksen; grandchildren; and great-grandchildren.

1972

Chadwick "Chad" B. Debnam '72

died Nov. 26, 2017, at age 67. At Pacific, he studied political science and economics, played football (setting several records) and was a student activist. His varied interests and careers included managing the hit recording group Pleasure in the 1970s, concert promotion and real estate development. He was active in politics and business development in the Portland area and on a national level. A tireless advocate for small business ownership and black economic development, he was a past president of the Portland NAACP, a member of the National Black Business League, past chairman of the Oregon Civil Service Board, and was involved with the National Black Chamber of Commerce. He was also a devoted husband, father and grandfather. He was preceded in death by his parents and brother, Clarence Jr. He is survived by his wife, Mauria; children, Andrea and Basil; one grandson; siblings, Earl, Michael,

Joan, Jacqueline, Myra (and Nate), Darlene, Rhodan, Donna (and Momodou), Debbie, and Theresa (and Tony); a grandson, Ace; and an extended family.

Arlen I. Hallbacka '72

died July 19, 2017, at age 68 in Pahrump, Nev., leaving to mourn family and friends. Hallback, an Oregon native, is survived by his wife, Arlene.

1973

Claudell Katherine (Patzkowski) Giesbers '73

died Nov. 25, 2017, at age 75. She earned a bachelor's in music education from Pacific and loved teaching young musicians how to play the piano, violin and viola. She also loved playing the piano, stringed instruments and percussion instruments in chamber groups, musical theater pit orchestras and community groups. She met her husband of 29 years, Eldon, in Forest Grove in 1982. She is remembered as an "exceptional wife" and amazing mother to her two daughters, Pamela and Sherrill. She is also remembered as selfless, kind and softhearted.

Delmar Moffitt "Del" Martin '73

died Nov. 4, 2017, at age 66. He studied music education at Pacific, where he met his future wife, **Priscilla J. Featherston '73**. The two eventually divorced but remained

close friends for many years. He was a talented woodworker, a skilled marksman, loved the outdoors, and he was also a lifelong musician and performer. He toured with the Norman Luboff Choir, directed music at various churches, and sang the national anthem at a Portland Trailblazers game. He was a public-school music teacher, a boiler operator, a computer operator for Jantzen Inc. and later a licensed massage therapist. He also taught private music and voice lessons. He was preceded in death by his parents, Carol and Gail; brother, Jerry Martin; and his eldest son, Arlie. He is survived by his stepmother, Eileen Hayes Martin; children, John Martin and Neoma (Seth) Ramseyer; former wife, Priscilla; eight grandchildren; and an extended family.

1974

Ben A. Miller '74 died Dec. 30, 2017, at age 69. Miller — nicknamed "Benny Badger" at Pacific in a nod to the university's former mascot — pitched for the conference champion Badgers in 1968. He was active in the Phi Mu Alpha Sinfonia music fraternity, singing bass in the Sinfonia Glee Club and barbershop quartet. He was also a member of the Pacific University Singers, participating in

in memoriam

their tour to Hawai'i in 1971. He could often be found playing tuba in bands, orchestras and parades. He collected renaissance recorders and later played hammer dulcimer. After taking a break from Pacific in the early 1970s, he returned to finish his degree. A music theory major, he was also a staff photographer for the *Heart of Oak* yearbook and participated in local theater productions. His Pacific friends remember him as a gentle soul who loved baseball and music.

Byron Knepp '74 died Dec. 18, 2017, at age 74. He started his career as an educator and later was self-employed, most recently as owner of DCP Sharpening Service in Beaverton. He was also a member of Elks Lodge No. 660. He was preceded in death by his parents and a grandson, Justin Morrison. Knepp is survived by his wife, Darlene; children, Paul (and Valerie) and Donna McDaniel (and Rick Pearo); a brother, Donald Jack; six grandchildren; and two great-grandchildren.

1979

Charles Richard "Doc" Elliot '79, OD '82 died Feb. 21, 2018, at age 78. He was a well-known optometrist and resident of Yerington, Nev., having moved there from Reno in

1987. He went on to open additional optometry practices in Fallon, Hawthorne and Reno. He was known by his friends and family as a life-long student of nature and science. He also played several instruments, including piano and guitar. He is survived by his wife of more than 50 years, Linda; children, Kimberly (and Charles) and Sean (and Sherilyn); adopted daughters, Lorena Morgan and Olga Jaramillo; a grandson, Aidan; four adopted grandchildren; and an extended family.

1981

Belinda S. (Raymond) Uhall '81 died May 11, 2017, at age 58, following a two-year battle with brain cancer. She graduated in the top of her class at Pacific, then went on to become a doctor of internal medicine through the University of Arizona Medical School. Her daughters were the center of her life. She was a great cook, a lover of animals, and an active member of My Church in Tucson, Ariz. She enjoyed sports, outdoor recreation, all things Oregon, music and the arts. She is survived by her daughters, Brianna and Alena; father of her children, Phil Uhall; mother, Stella Pelletier/Braastad; and brothers, John Raymond IV and James Raymond.

1987

Jeffrey "Jeff" Speiser '87 died July 16, 2017, at age 51. He was a standout high school football player and went on to play at Pacific and Carroll College in Helena, Mont. He also attended the University of Montana in Missoula. He married Margaret Packer in 1993 and started a family. After relocating to Boise, Idaho, he landed a job at Micron Technology Inc. as a journeyman pipefitter, a position that involved travel throughout the United States. He was a proud member of Plumbers and Pipefitters Local 296. His first grandchild, Declan, was born in 2016 and quickly became one of the greatest joys of his life. He was preceded in death by his parents. He is survived by his children, Sarah and Ryan; grandson, Declan; and siblings, Jon, LaDonna, and Bruce Wilson.

2006

Ceridwyn "Ceri" (Gipson) Burke MAT '06 died Jan. 14, 2018, at age 41. She majored in theater and minored in French at the University of Oregon. She was involved with the Actors Cabaret of Eugene for a number of years. After earning a master of arts in teaching from Pacific, she spent 12 years teaching at Oaklea Middle School in Junction City, Ore., where she was a mentor, teacher leader and respected member of

the staff. She also wrote two young adult mystery novels under the pen name C.G. Burke. She married Nathan Burke in 2010 and they enjoyed hiking, camping, hunting mushrooms, cooking and traveling. She was a talented gardener and a gutsy home projecter. She also enjoyed reading, knitting, yoga and spending time with family. She is survived by her husband, Nathan; parents, siblings, in-laws; and an extended family.

2016

Leah A. Leighter MAT '16 died Dec. 3, 2017, at age 29. She attended Oregon State University for two years and then finished her undergraduate degree in biology at University

of Oregon in 2010. She later received her master of arts in teaching degree from Pacific and began her first full-time position as a math teacher at Early College & Career Options High School. She enjoyed the outdoors, including cycling, backpacking, camping, hiking, snowshoeing, cross country skiing and swimming in the state's many rivers and lakes. She participated in many community runs in Eugene and was also an avid gardener. She was preceded in death by her grandparents, Date and Opal Strehlow. She is survived by her parents; siblings, Jacob and Rachel; grandparents, Charles and Barbara; and an extended family.
