**VGMHC | CLINICAL ROTATIONS**

*Core and elective experiences available*

Virginia Garcia Memorial Health Center (VGMHC) is a community health center with five primary care clinics within the Portland, Oregon metropolitan area. VGMHC’s mission is to provide high-quality, comprehensive, and culturally appropriate primary health care to the communities of Washington and Yamhill Counties with a special emphasis on migrant and seasonal farmworkers and others with barriers to receiving healthcare. The resident will have the opportunity to train with a Clinical Pharmacy Services team that works directly with patients and medical providers to maximize medication therapy under collaborative drug therapy management (CDTM) protocols. Current CDTMs include:

- Type 2 Diabetes
- Hypertension
- Dyslipidemia
- Smoking cessation
- Psychiatric medication monitoring
- Transitions of care
- Asthma / COPD
- Anxiety
- Depression

**PUSOP | TEACHING EXPERIENCE**

*Teaching Certificate Program available*

Pacific University School of Pharmacy (PUSOP) offers a three-year Doctor of Pharmacy program and is fully accredited by ACPE. The School is housed in the state-of-the-art Health Professions Campus along with seven other programs. This position is granted an academic rank of Post-Graduate Instructor within Pacific University College of Health Professions (CHP). In addition to completing the Oregon Pharmacy Teaching Certificate program, residents will be involved in the following academic activities:

- Provide didactic lecture(s) related to ambulatory care
- Precept students at clinical site and in didactic skills lab course(s)
- Co-coordinate a 2nd year pharmacy therapeutic block
- Serve on Admissions, Curriculum, or Assessment committee
- Attend monthly PUSOP and College of Health professions faculty meetings
- Advise, mentor, and/or tutor PUSOP students and student organizations

**ELECTIVES | OTHER**

*Elective experiences tailored to resident*

**Elective Rotations and Experiences**

- Practice-oriented
  - Anticoagulation
  - Care for the elderly
  - Medication Therapy Management
- Teaching-oriented
  - Non-pharmacy lectures
  - Experiential coordination

**Staffing Component**

- Interprofessional Diabetes Clinic
- Admission Interviews
- Student Health Fairs

This residency site agrees that no person at this site will solicit, accept, or use any ranking-related information from any residency applicant.

**PROGRAM GOALS AND OUTCOMES | THE “WHY”**

In congruence with the recent growth in pharmacy schools and the continued advances in pharmacy practice, particularly in ambulatory care, there is a need for individuals who can serve as both qualified pharmacy faculty members and progressive clinicians. Through our PGY2 program, we hope to provide an opportunity for highly motivated professionals to develop the skills necessary to be successful pharmacy practice faculty members: individuals who can motive and inspire students in and outside of the classroom and bridge the divide between classroom learning and patient-centered care.
A GREAT OPPORTUNITY

Spend one year completing a PGY2 ambulatory care residency with emphasis in academia

THE PURPOSE | TWO-FOLD
To train pharmacists to provide collaborative, evidence-based ambulatory care and to share their clinical expertise through effective patient, student, and practitioner education

INSIDE | TAKE A LOOK
- Clinical rotations at VGMHC
- Teaching experience at PUSOP
- Core and elective opportunities
- Staffing component
- Preceptors involved
