

Audiology Conference Spring 2015

With
**Pacific University Audiology
 Student Capstone Poster
 Presentations**

**Saturday | May 16, 2015
 8:00am to 5:00pm**

**222 SE 8th Avenue | Room 514
 Hillsboro, Oregon 97123**

PRESENTERS |

MATTHEW BELL, AuD
 Assistant Professor
 matt.bell@pacificu.edu
 503.352.2693

DAVID K BROWN, PhD
 Associate Professor & Director of SIMLab
 david.brown@pacificu.edu
 503.352.2668

NICOLE L HACKER, AuD, CCC-A, FAAA
 Assistant Professor &
 Externship Coordinator
 nhacker@pacificu.edu
 503.352.2698

WENDY HANKS, PhD
 Associate Professor
 whanks@pacificu.edu
 503.352.2697

PRESENTERS |

ANNE E. HOGAN, PhD
 Assistant Professor
 aehogan@pacificu.edu
 503.352.2696

LEIGH SCHAID, AuD
 Assistant Professor
 lgschaid@pacificu.edu
 503.352.2688

TRENT WESTRICK, AuD
 Assistant Professor
 trent.westrick@pacificu.edu
 503.352.2694

PROGRAM DEVELOPMENT |

DAVID K BROWN, PhD
OREGON ACADEMY OF AUDIOLOGY
 Education Committee
 oregonaudiology@gmail.com

OAA is pending approval by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 0.5 CEUs. Academy approval of this continuing education activity does not imply endorsement of course content, specific products, or clinical procedures. Any views that are presented are those of the presenter/CE Provider and not necessarily of the American Academy of Audiology.

| REGISTER ONLINE | Pacific Alumni or OAA Member | Preceptor | Not OAA member* | Student, OAA Member | Student, not OAA member* |
|---------------------------------|------------------------------|-----------|-----------------|---------------------|--------------------------|
| Fee | \$100.00 | \$150.00 | \$195.00 | \$45.00 | \$65.00 |
| Paper Copies of Handouts | \$25.00 | \$25.00 | \$25.00 | \$25.00 | \$25.00 |

* [Become an OAA Member Today.](#)

Annual Student Member: \$10 | Annual Fellow Member: \$95

REGISTRATION AND REFUNDS

Space is limited. Participants are registered in the order they are received. Refunds less \$25 administrative fees are granted up to May 6. Beginning May 7 no refunds will be granted.

Questions? Contact: lisa.downing@pacificu.edu | 503.352.2663

AGENDA |

Agenda

- 7:30a Breakfast, Exhibitors and Student Capstone Posters
- 8:30a Welcome Address
- 8:50a Keynote Address
- 10:20a Hands-on Lab
- 12:20p Lunch with Exhibitors and Students Capstone Projects
- 2:20p Hands-On Lab
- 3:40p Panel Discussion & Closing Remarks

Rank the following labs in the order of preference when registering. Space is limited. Register early for best selection.

FUN WITH ABR! | What's New Since You Got Out of School?

David K. Brown, PhD

Discover new techniques to assist in reducing/diminishing background, speeding up the assessment and statistical assistance (confidence levels) for peak picking. Participants will record both neurodiagnostic and threshold ABRs while utilizing these various techniques.

BEDSIDE VESTIBULAR ASSESSMENT | Shake It Up, Baby

Anne E. Hogan, PhD

A quick review of A&P basics of the Vestibular Reflex system leads to “bedside” vestibular evaluations. Participants will assess the impact of these evaluations in terms of falls risk assessment. Participants will practice and be participants in the evaluations, to strengthen both test administration and empathy from the patients’ perspective.

CERUMEN MANAGEMENT | The ABC's of Cerumen Management

Trent Westrick, AuD

This course is designed to introduce audiologists to the science and art of in-office cerumen management. The basic tools, techniques, and protocols will be presented, and attendees will have an opportunity to attempt and practice hands-on simulated cerumen management using various light sources.

REAL EAR VERIFICATION | We Like Big REARS and We Cannot Lie

Matthew Bell, AuD

Uncover time saving tips for fitting hearing aids to prescriptive targets using real-ear measurements. Participants will review the benefits of real-ear verification of hearing aid fittings and practice basic procedures. Participants will complete a binaural fitting of hearing aids and adjust to prescriptive target using probe microphone measurements.

TESTING SIMULATION | The TENs and ANL...Two quick tests to incorporate into your advanced test battery.

Leigh Schaid, AuD

During this hands-on session, participants will review the TENs and ANL Tests, their clinical uses and benefits, as well as get experience administering the tests in the simulation lab.

PRECEPTING 101 | Tips and Tricks for the Trenches

Nicole L. Hacker, AuD, CCC-A, FAAA

Set the stage for success for preceptors and students. During this session, we will be discussing the definition of a preceptor, effective preceptor qualities, learning and generational differences, general supervision guidelines and overcoming challenges in clinical education.

PANEL DISCUSSION | Precepting: What's In It for Me?

Moderator: Wendy D. Hanks, PhD

This course will consist of a panel of preceptors and students who will discuss the benefits and challenges of working clinically with AuD students. The AuD Program at Pacific University will be described, especially the clinical components that would affect Oregon audiologists. Licensure and third party payor issues (No Coding!) associated with mentoring students may also be discussed. Audience participation will be vital in developing a well-rounded and engaging discussion.

Register early! Labs will be confirmed on a first come, first serve basis.

Keynote Speaker | Myron Smith, PhD

“The Future Ain’t What It Used to Be” Yogi Berra

The future of Audiology depends on a sound knowledge of the past, clear understanding of present needs, and a hunger for personal growth and service.

Pacific University Hillsboro Campus /

This campus is ADA accessible. Participants may need to travel between sites, depending on labs selected. Please dress comfortably and ready for spring weather in Oregon. Distance will be no greater than 2 blocks. Parking is free. See [Hillsboro Campus Map](#) for more details.
