EDUCATION AND LEARNING

Mark Bailey, Michael Charles, Catherine Kim, Christine A. Macfarlane, Ann Matschiner, Richard Paxton

The Education and Learning major is designed to provide students with a deep understanding of the psychological, social, philosophical, and curricular foundations of education. This major builds a strong foundation for careers working with children and in various educational programs, including classroom teaching. Students not interested in obtaining a teaching license will do a capstone research project instead of student teaching.

Students interested in licensure will choose from two tracks in the major, general education or special education, and complete the required professional courses for the elementary multiple subjects endorsements. Those choosing general education will complete the requirements for the multiple subjects endorsement, while those who choose special education will complete the requirements for the special education endorsement. Student teaching is the capstone experience. Students considering a teaching career should consult with the coordinator of the undergraduate education program and the introductory education course, EDUC 260 Foundations of Education, by their sophomore year.

This major (as well as many other majors at Pacific) also is a good choice for those who want to complete a liberal arts degree as an undergraduate and then secure an Oregon Preliminary Teaching License as part of a master's program (see our MAT Fifth-Year program for an example). A minor in a complementary subject area is strongly recommended for those who choose this route.

Minors in Teaching English to Speakers of Other Languages (TESOL) and Spanish for Elementary Teachers also are available; information follows.

Requirements for the Minor: Teaching English to Speakers of Other Languages (TESOL)
The TESOL minor is intended to equip students with knowledge and skills necessary for teaching English as a second or foreign language, whether overseas or in other educational settings. Those who wish to enter a graduate degree program in TESOL will build a strong foundation in this field. This program does not lead to an endorsement in ESOL at Pk-12, unless students are already admitted to the undergraduate preliminary teaching licensure program in the College of Education.

Students should consult with the ESOL program coordinator, Catherine Kim, to plan their course of study. A student enrolling in ESOL and EDUC courses should have at least junior standing. Courses must be completed with a grade of C or better.
