Pacific University, College of Optometry
2043 College Way
Forest Grove, OR 97116

Dear Jennifer Smythe, OD;

Each year, GWCO is happy to continue to support the future of optometry by awarding a $1,000 scholarship to one student from each of the colleges of optometry in our 13 western states region. It is time to start the process at your school to select the student who will be the recipient of the 2017 Great Western Council of Optometry Scholarship. By selecting the recipient now, we hope that the student may have adequate notice to prepare to attend GWCO in the fall and be recognized at GWCO Congress 2017.

Please select a deserving second-year student to receive the award and email the following student information to gwco@gwco.org before May 15, 2017:

• Student Name
• Student Email Address (Address will not be released)
• Student Graduation Year
• Student Photo (to be printed in GWCO Congress On-site Manual)

Scholarships will be awarded to the school in July and the student will be recognized during the student program of the upcoming GWCO Congress 2017 in Portland, OR on September 30, 2017. Award recipients receive complimentary GWCO registration and are encouraged to join us!

Sincerely,

Tracy Oman, CAE
Executive Director

Join Us for GWCO Congress 2017, Sept 28-Oct 1 in Portland, Oregon
