Students are advised to consult early with the Transfer Admissions Counselor and the Advising Center at Pacific University A Pacific University Bachelor's Degree is comprised of 3 parts: Major, Core, and Electives. This guide is designed to help you select foundations courses for your major. To complete core requirements Pacific recommends that students complete the LBRT Associates Degree or contact the Advising Center about selecting classes to meet core requirements. Future transfer students should discuss with a Pacific Advisor the amount of foundation courses for your major and the amount of core you should plan to transfer to Pacific.
