

Advanced Local Anesthesia Clinical Review and Update Saturday, March 18, 2017

Course Description

This 7 hour continuing education provides a review and update of local anesthesia techniques used in dental care. Components of pain, pain control, needle placement and techniques for local anesthesia are included. The participant will practice administering local anesthesia to a partner in a supervised clinical setting.

Participants must attend all 7 hours of the course and demonstrate clinical competency as determined by the faculty in order to receive a certificate of completion.

Course Format

A one hour online article review and quiz are included in the course and must be completed no later than March 16, 2017. Saturday will include 2 hours of lecture and 4 hours of hands on clinical practice. Participants are expected to give and receive local anesthesia injections. Breakfast and lunch will be provided.

On-Site Course Dates Saturday March 18, 2017 8:00am – 2:30pm

Local Anesthesia Endorsement

Dental hygienists in Oregon must obtain a local anesthesia endorsement from the Oregon Board of Dentistry in order to administer local anesthesia to patients under the general supervision of a licensed dentist. For additional information on obtaining a local anesthesia endorsement, visit www.oregon.gov/dentistry.

Course Requirements

- Participants must provide proof of current Dental or Dental Hygiene License with Local Anesthesia Endorsement.
- Participants must submit a completed full health history form prior to the start of the course.

Class Size

- A minimum of 16 participants are required to conduct this course. The maximum for any section of this course is 32.

Faculty

- Kathryn Bell, RDH, MS
- Gail Aamodt, RDH, MS
