## Interested in a Health Profession Program?

You can major in anything and still prepare for a Health Profession program. Your major choice does not increase or lessen your competitiveness for a Health Profession program. Prerequisites vary for each Health Profession. Student preparing for these programs might need to take more math and consider taking the Science sequences listed below. To select specific courses to take contact Pacific University's Advising Center.

General Biology	BI 211, 212, & 213 (General)
General Chemistry	CH 221, 222, & 223
Anatomy and Physiology	BI 231, 232, & 233
General Physics	PHY 201, 202, & 203 OR 211, 212, & 213

### Important Transfer Information:

- Only courses with a "C-" or higher will be considered for transfer credit
- Quarter credits transfer at two-thirds credit, i.e. 90 quarter credits = 60 semester credits (Junior class standing).
- Students planning on entering Pacific's health profession programs or majoring in the sciences and wanting to transfer some of their general science sequences need to be aware that not all science classes transfer as Health Professions prerequisites or into a major. Those planning on taking any chemistry or physics at Pacific should have previously taken Math through pre-calculus. **Contact Pacific's Advising Center for additional course planning information.**
- At least 124 semester hours are required for graduation from Pacific. Thirty of the last 40 semester hours must be taken at Pacific University.
- No more than 52 semester hours in a single department may be counted toward graduation. Some exceptions do apply – please contact Pacific University for more information. It is best to transfer introductory coursework in your major and take advanced coursework in your major at Pacific. **Contact Pacific's Advising Center for recommended introductory coursework in your major.**
- Credit will not be given for experiential learning, life experience, practicums, vocational, career/college exploration types of courses.

Pacific University accepts the Associate of Arts Oregon Transfer Degree (AAOT) as meeting general education requirements except Foreign Language, Civic Engagement, International Diverse Perspectives, and Senior Capstone. Courses are evaluated on an individual basis.

Pacific University is a private institution with 1,800 undergraduates and 2,000 graduate students ranked as a 2011 "Best Colleges-Tier 1 University" by US News & World Report. Undergraduate class sizes average 19 students, with a 10:1 student to faculty ratio. Pacific offers 65+ fields of study and 31 graduate/professional programs. Prospective undergraduates may apply via the Common Application ([www.commonapp.org](http://www.commonapp.org)) or via our webpage at [www.pacificu.edu/admissions/applications](http://www.pacificu.edu/admissions/applications).
