

State Credentialing of athletic trainers

The Athletic Training Program at Pacific University is currently CAATE accredited, thus successful completion of all of the program requirements will assure eligibility to sit for the Board of Certification (BOC) Examination. For most states successful passage of the Board of Certification examination is one of the requirements for attaining state credentialing. Currently athletic trainers are licensed or otherwise regulated in 49 states and the District of Columbia.

For additional information on the BOC examination please see:
