1. A Demerit Notice Form must be completed within 2 weekdays of a violation and be given directly to the Coordinator of Clinical Education (CCE) by the faculty or preceptor.
2. The CCE will discuss the details of the situation with the Preceptor/Faculty.
3. The CCE will then meet with the student to discuss their representation of the situation.
4. The CCE, in conjunction with the Program Committee, will make a final decision on the matter, including the number of demerits to be assessed and the corresponding repercussions, and inform the student of the decision.
5. Students will be required to sign the demerit form, indicating an understanding of and acceptance of the demerits and corresponding sanctions.
6. If demerits are assessed for issues with substance abuse, students will be provided additional information and referral to the available University student support services.
7. If a student feels he/she has been treated unfairly in this process, he/she can submit an appeal in writing to the PD within 2 days of the decision. The PD will then follow the appeals process outlined below.
8. Once a student has accumulated 8 demerits within their permanent file, a meeting will be arranged between the student and Program Committee to assess the students ability/desire to progress in the academic program and develop a plan to assure the student remain on task to graduate.
9. Violations will be ranked:
   a. Minor infractions – up to 3 demerits may be given
   b. Moderate infractions – 4 to 8 demerits may be given
   c. Severe infractions – 9 to 16 demerits may be given

The following disciplinary actions will be taken based on the number of demerits the ATS has received during their years in the program. Students should be aware that these penalties are cumulative and that the actions will be repeated in each level if the student continues to receive demerits.

Appeal of Clinical Disciplinary Action
Students may appeal their disciplinary actions by contacting the Program Director in writing within 48 hours after the student has been notified of their disciplinary actions. The Program Director will confer with the PT/AT Department Head on the issue. The Department Head and PD will hear the student’s appeal and investigate the matter. The Program Director will notify
the student of the decision in writing. If the student issue involves the PD, the PT/AT
Department Head will hear the student’s appeal and determine a resolution to the issue. The
Department Head will notify the student and the Program Director of his decision in writing. If
the student does not feel the issue was handled appropriately, the student may seek remediation
through the formal PU appeal process. Information on the PU student grievance process can be
found in the university website. If after due process, the student still disagrees with the decision
and sanctions, the student will be removed from the program.
