## Welcome Transfer Students!

With the fall fast approaching, Orientation preparation is in full swing. We are preparing a New Student Orientation to focus on the diverse students from all different backgrounds. Throughout the summer, we will be checking in to make sure your questions are answered and that you are ready for Orientation. If you have not heard from us yet, don't worry, you will! Transfer Orientation is a separate but combined program from Freshman Orientation. This year we will have a two day mandatory orientation for residential transfers, and a one day mandatory orientation for non-residential transfers, with highly encouraged additional days, to better meet the specific needs of transfer students. We will provide a variety of events to introduce you to the Pacific University Community, so you will be ready for your first day at Pacific. This newsletter contains information about resources you will need before and after you arrive on campus. If you have any questions, email [orientation@pacificu.edu](mailto:orientation@pacificu.edu) or call 503-352-3040.

# Letter from Orientation Director

On behalf of the Orientation Staff and Student Affairs division, it is my pleasure to welcome you to our community and introduce you to the next phase of your journey. Throughout the next couple of weeks, you will be receiving information from us to assist in our efforts to prepare for your arrival. It is important to read your emails and messages from us and respond to needed information as quickly as possible. Many of these communications will contain information you will need regarding your arrival to the University and what to expect during Orientation. We understand that you have been at another institution and know the ropes, but it is important to attend the mandatory orientation to learn what is expected at your new institution and gain the information and resources to prepare you for Pacific. I have heard countless stories from former students who tell me how important the Orientation experience was to their success during their first few months at Pacific. I was a transfer to Pacific, and fully appreciate the complexities of making a move during your academic career. In this newsletter you will find information you will need to prepare yourself as you enter the Pacific and surrounding community. We look forward to seeing you in a few weeks. Until then, if you have any questions or concerns, please feel free to contact us!

ORIENTATION 2017

## Orientation Theme

During Orientation 2017, students will embark on their adventure toward embracing their strengths, becoming a captain of their own ship, and conquering the multitude of opportunities that Pacific has to offer. Students will be challenged to achieve more than they thought they could, and will be given the support to meet these challenges. Throughout Orientation, students will be assisted in forming connections with faculty, staff, their peers, while discovering their resources, and opportunities in order to perfect their adventure and become a sailor of Pacific University.

# The OTSS

Office of Transfer Student Services, located in  
Clark Hall Rm 101  
503-352-3173

The Office of Transfer Student Services (OTSS) is designed to aid all transfer students in successfully transitioning and succeeding in their Pacific experience, and to assist them every step of the way towards graduation. OTSS serves as an advocate and representative for transfer students. OTSS assists with everything from resource referral, to one on one resource management, and the “transfer”mation lunch series, to name a few.

Every incoming transfer student is assigned an Ambassador. Orientation Boxer Ambassadors are current students of Pacific. This group of students will provide you with support throughout the week. They are your leaders during Orientation, fellow students and proud Boxers. They arrive a week early for Orientation Training, and volunteer their time and energy to ensure that Orientation is an amazing experience for you! They will also serve as your peer mentor during the fall semester.

Orientation is mandatory even though we understand that many of you have already been to an Orientation somewhere else. Orientation for Transfers is designed to orient you to our community, policies, and procedures which are often different from your former institution. It is important to forge bonds with your peers, faculty and staff. During Orientation you will have this opportunity. Additionally it gives you the chance to hear from current students about their “tips and tricks” for navigating Pacific.

## Letter from the Director

As the founder and Director of the Office of Transfer Student Services (OTSS) it gives me great pleasure to welcome you to our community. I am so excited that you have decided to join us as you continue your journey of obtaining a bachelor's degree. As the Director, of the OTSS, it is my pleasure to work with you from the time you deposit until graduation and often beyond. The OTSS office advocates for all transfer students to successfully transition and succeed in their Pacific University experience and play an active role in communicating and working with both internal and external constituencies about transfer student issues and needs.

The objectives of the OTSS office are:

- Facilitate student success and transition through coordination of services between departments and colleges.
- Provide academic information and support throughout a student's time at Pacific.
- Assist students with acclimating to the University community.
- Share valuable community and University resources.
- Provide a student-centered system of counseling, communication, and advising to promote academic success.
- Provide information for faculty and staff about transfer students and what is needed for successful transition, advice, and support.
- Provide a lifelong connection to the BOXER traditions as an alumnus.

As you can see, we truly value you as a student and your needs. I too came to Pacific University as a transfer student and know first-hand the emotions surrounding the choice to change paths in the middle of your academic career. I work diligently to better your experience as a group and individually and believe that our success is based on your success. We are partners in the education experience and you are a major part of this partnership. I personally invite you to contact me if you ever have a concern or question or would like to share with me something exciting that you've done. You may also have questions regarding Pacific, in general, that I would be more than willing to answer too.

I look forward to our partnership in your education here at Pacific!

Best Regards,

# Pacific Essentials

## Boxer Basics: Planner

College will be very busy: for instance, full of assignments, club meetings, and a work study job. Pacific understands this, the university has cheap planners available for purchase, so you can have a daily planner to record your assignments and other plans. Pick one up (while supplies last) at the Pacific Bookstore anytime throughout the year after classes have started.

## Your New Address:

Each student will receive their own mailbox and key during orientation. You will be issued a number for your mailbox which the Pacific Community calls your UC Box number. Your new address will look like this:

Name  
Pacific University  
UC Box # \*\*\*\*  
2043 College Way  
Forest Grove, OR 97116

All departments at Pacific use your UC Box to send you important information, so it is important that you check your mail at least once a week. You get to keep your UC Box for all years of undergraduate study.

# Legend Of The Boxer

Boxer has been the official mascot of Pacific University since 1969. Prior to the Boxer, the University's mascot was the Badger, but far more people associate the University with Boxer due to the famous Boxer Tosses that took place throughout the 1900's.

In the late 1800's, Pacific University received a special gift from one of its alumni, Rev. J. Elkanah Walker. In 1881 he received the 16th century bronze incense burner as a gift and donated it to the University. It was presented and stored in front of the Chapel. The statue is of a mythical beast with scales, hooves, and horns, known as a Qilin, and is believed to frighten away evil spirits.

This incense burner acquired the name "Boxer" after the Boxer Rebellion in China during the 1890s. Boxer was first stolen in 1900; after this initial theft, various classes fought for possession of Boxer which became known as the "Boxer Toss." Throughout the early 1900s, Boxer lost his tail and one front leg and is rumored to have ventured to France during World War One, and was even buried in a graveyard.

The original Boxer was last seen during a routine Boxer Toss in 1969, and remains missing to this day. In order to prevent the tradition of Boxer from dying out, three students arranged for another statue to be cast in bronze creating a new tradition on campus.

The Boxer Competition is an opportunity for various on-campus clubs to compete for possession of Boxer. The Gamma Sigma Fraternity were the last known holders of Boxer, and we believe the holders have since changed. Although the Boxer Competition replaced the Boxer Toss, our mascot was quite elusive and created quite a scene when it made appearances on campus.

Since then, the Boxer Toss and the Boxer Competition are not seen on campus because both Boxer Statues have been lost for some time now. Bits and pieces, such as the foot have been returned to the university in the recent years where it is displayed for the campus and community to see. Alumnae of the University are still involved in finding the original Boxer and hope that one day; they will be able to return its home, Pacific University.
