**Adult Children**

Your Adult Children shall be eligible for coverage under the plan, as long as:

- the child is not older than age 26

**Children** means your natural children, domestic partner’s children, foster children placed with you, adopted children, or children placed with you in anticipation of adoption.

Step-children who reside in your household may also be eligible as long as a natural parent remains married to you and also resides in your household.

If you are the legal guardian of an unmarried child or children, these children are also considered eligible under the plan.

Adopted children who are under age 18 at the time of adoption will be considered eligible to enroll under the plan on the date the child is placed for adoption.

In addition, incapacitated children can remain enrolled past the maximum age limit. An incapacitated child is an unmarried child who is incapable of self-support because of a physical, mental, or developmental disability. The incapacitating condition must have existed prior to the child reaching maximum age limit. In order to obtain continued coverage for an incapacitated child, you must complete and provide the claims administrator a special application within 31 days of the child’s loss of eligibility.

There may be income tax consequences for covering a Dependent if such Dependent is not a qualified dependent entitled to tax-free health coverage in accordance with Internal Revenue Code Section 152. Please contact your independent tax advisor with any questions regarding your particular tax situation.

**Qualified Medical Child Support Order (QMCSO)**

An eligible child also includes any other child of yours or your spouse who is recognized in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) that has been issued by any court judgment, decree, or order as being entitled to enrollment for coverage under this plan, even if the child is not residing in your household. Such child will be referred to as an alternate recipient. Alternate recipients are eligible for coverage only if you are also covered under the plan. An application for enrollment must be submitted to the Trust for coverage under the plan. The Plan Administrator will establish written procedures for determining whether a medical child support order is a QMCSO or NMSN and for administering the provision of benefits under the plan pursuant to a valid QMCSO or NMSN. Within a reasonable period after receipt of a medical child support order, the Plan Administrator will determine whether such order is a QMCSO, as defined in Section 609 of ERISA, or a NMSN, as defined in Section 401 of the Child Support Performance and Incentive Act of 1998.
The Plan Administrator reserves the right, waivable at its discretion, to seek clarification with respect to the order from the court or administrative agency that issued the order, up to and including the right to seek a hearing before the court or agency.
